

30-06 SPRINGFIELD BRASS CASE - NORMA 30-06 SPRINGFIELD BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Norma Brass provides the serious reloader a premium grade, quality cartridge to reload. Norma Brass is bulk packed from the same lot. We try to keep a good supply of brass in inventory, but due to factory production and delivery delays, we may occasionally be out of some cartridges. Norma Brass is made to such exact standards that the cartridges typically include machined case heads, drilled (not punched) flash holes and close tolerance wall thickness.

Attributes

- Name: [NORMA 30-06 SPRINGFIELD BRASS 50/BOX](#)

Safety Instruction Guide for 3006 Springfield Brass Case

Introduction

Thank you for choosing the 3006 Springfield Brass Case by Norma. This guide provides essential safety information and instructions to ensure the safe and effective use of this product. Please read the entire guide carefully before use.

General Safety Guidelines

- Always treat all ammunition components as if they are loaded and ready to fire.
- Store brass cases in a cool, dry place, away from direct sunlight and moisture.
- Keep brass cases out of reach of children and unauthorized individuals.
- Inspect brass cases before use for any signs of damage or defects.
- Follow all local laws and regulations regarding the use and storage of ammunition components.

Specific Safety Precautions for Use

- Wear safety glasses and hearing protection when reloading ammunition.
- Use only the recommended powder and primers for reloading 3006 Springfield cartridges.
- Ensure that your reloading equipment is in good working condition and properly calibrated.
- Do not exceed recommended load specifications provided by reputable reloading manuals.
- Be aware of the potential hazards of using reloaded ammunition, including the risk of misfires or overpressure.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary reloading tools and materials.
- Ensure your workspace is clean and organized.

2. Inspection of Brass Cases:

- Check each brass case for any cracks, dents, or signs of wear.
- Discard any damaged brass cases.

3. Reloading Process:

- Follow the specific reloading instructions provided in a reputable reloading manual.
- Measure and pour the correct amount of powder into each brass case.
- Insert the primer securely into the case head.
- Seat the bullet to the recommended depth.

4. Final Inspection:

- Inspect each completed cartridge for proper assembly.
- Store completed cartridges in a safe location, clearly labeled with the load information.

Disposal Instructions

- Dispose of any damaged or unusable brass cases according to local regulations.

- Consider recycling brass cases through local scrap metal programs.
- Never discard brass cases in regular household waste.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the appropriate regulatory authorities or consult your local reloading expert.

Thank you for prioritizing safety in your reloading practices. Enjoy your reloading experience with the 3006 Springfield Brass Case by Norma.
