Safety Instruction Guide for UNIVERSAL COMPACT & SUBCOMPACT MICROCOMPACT PISTOL LIGHT

Introduction

Thank you for choosing the UNIVERSAL COMPACT & SUBCOMPACT MICROCOMPACT PISTOL LIGHT (Model XSCB) by SUREFIRE. This guide provides essential safety information and instructions to ensure the safe and effective use of your new product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure the product is used only as intended and in accordance with the guidelines provided.
- Keep the product out of the reach of children and unauthorized users.
- Regularly check the product for any signs of damage or wear. Do not use if damaged.
- Do not expose the product to extreme temperatures, moisture, or corrosive environments.
- Ensure the battery is correctly installed and charged according to the instructions.
- Always be aware of your surroundings when using the light to avoid accidents.

Specific Safety Precautions for Use

- **Battery Safety:**
 - Use only the recommended rechargeable battery (Model B12).
 - Do not attempt to open or repair the battery; dispose of it properly when no longer usable.
- **Light Usage:**
 - Avoid shining the light directly into anyone's eyes, as it may cause temporary blindness.
 - Use the light responsibly to maintain situational awareness and ensure safety while handling your firearm.
- **Mounting and Dismounting:**
 - Follow the installation instructions carefully to avoid incorrect mounting, which may lead to malfunction.
 - Ensure the light is securely attached before use.

Instructions for Installation and Usage

Installation

1. **Prepare the Pistol:**
 - Ensure the firearm is unloaded and pointed in a safe direction.
2. **Mounting the Light:**
 - Align the mounting bracket of the XSCB with the accessory rail of your pistol.
 - Slide the light onto the rail until it clicks into place.
 - Tighten the mounting screw securely, but do not overtighten.
3. **Battery Installation:**
 - Remove the battery compartment cover.
 - Insert the rechargeable battery (Model B12) ensuring correct polarity (+/-).
 - Replace the battery compartment cover securely.

Usage

1. Turning On the Light:

- Press the activation switch to turn on the light.
- For momentary activation, press and hold the switch.
- For constant on mode, press the switch and release.

2. Adjusting the Beam:

- The XSCB features a smooth parabolic reflector for optimal beam pattern.
- Aim the light at your target to utilize the central spot for identification.

3. Charging the Battery:

- Connect the battery charger to an appropriate power source.
- Insert the battery into the charger and follow the manufacturer's charging guidelines.
- Do not leave the battery charging unattended.

Disposal Instructions

- Dispose of the product and its components in accordance with local regulations.
- Do not dispose of the battery in household waste. Follow local guidelines for battery disposal and recycling.
- For the light itself, check for any specific disposal requirements based on local electronic waste regulations.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please refer to the manufacturer's website or contact your local distributor.

This guide aims to ensure your safety and the effective use of the UNIVERSAL COMPACT & SUBCOMPACT MICROCOMPACT PISTOL LIGHT. Adhering to these guidelines will help you enjoy the benefits of your product while minimizing risks. Thank you for your attention to safety.
