

# BANK ROBBER CHEST RIG - MULTICAM

[Home](#)

The Bank Robber Chest Rig is a low profile minimalist chest worn load carriage system. It is designed to work with either Their Skinny Straps or Fat Straps set ups. It also requires a Bac1 Strap to work properly. Shoulder and back straps are not included and must be purchased separately! The Chest Rig is constructed entirely out of elastic material. This enables it to conform and retain oddly shaped items such as smoke grenades, flash bangs, magazines and tourniquets. The Bank Robber comes standard with 4 Elastic cells and two retention bungees designed to hold tourniquets or other like items. Due to the minimalist nature of the Bank Robber, it does not come with Velcro to mount sub loads or attach it to a plate carrier.

# Bank Robber Chest Rig Safety Instructions

## Introduction

Thank you for choosing the Bank Robber Chest Rig by Spiritus Systems. This guide provides essential safety instructions to ensure the safe and effective use of your new product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the Bank Robber Chest Rig is used only for its intended purpose as a load carriage system.
- Always inspect the rig before each use for any signs of wear or damage.
- Keep the rig away from sharp objects and excessive heat to prevent material degradation.
- Use the rig in accordance with the manufacturer's recommendations to avoid accidents.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- The Bank Robber Chest Rig is designed for adult users. It is not suitable for children.
- Ensure that the rig is properly fitted and adjusted before use to prevent shifting or accidental release.
- Do not overload the rig beyond its design capacity, as this may lead to failure or injury.
- Avoid using the rig in wet conditions unless specified, as moisture can affect the integrity of the elastic material.
- If you experience any discomfort while wearing the rig, remove it immediately and assess the fit.

## Instructions for Installation and Usage

### 1. Fitting the Chest Rig:

- Place the rig over your head and adjust the shoulder straps to a comfortable position.
- Secure the rig around your torso using the Skinny Straps or Fat Straps, depending on your preference.
- Ensure that the rig fits snugly but does not restrict movement or breathing.

### 2. Loading the Rig:

- Insert items such as smoke grenades, flash bangs, magazines, and tourniquets into the elastic cells.
- Use the included retention bungees to secure tourniquets or similar items.
- Do not exceed the recommended load capacity for the rig to maintain safety.

### 3. Using the Rig:

- Always check that the rig is securely fastened before engaging in any activity.
- If using in conjunction with a plate carrier, ensure that the rig is properly attached and secured.

### 4. Care and Maintenance:

- Clean the rig with a damp cloth and mild soap as needed.
- Store the rig in a cool, dry place away from direct sunlight to prolong its lifespan.

## Disposal Instructions

- Dispose of the Bank Robber Chest Rig in accordance with local regulations.

- Do not incinerate the rig, as burning may release harmful substances.
- If the rig is no longer usable, consider recycling the materials where possible.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the Bank Robber Chest Rig, please contact the manufacturer directly. Ensure you have your product details ready for reference.

Thank you for your attention to these safety instructions. Enjoy your use of the Bank Robber Chest Rig while ensuring your safety and the safety of others.
