OTB Tri Fold Shoulder Covers Over The Beach Operations Over The Beach Operations are some of the most challenging and miserable operations that service members must endure. We are proud to bring a suite of products that directly results in improved load carriage and soldier survival during sea borne operations. The OTB product line is built with a mesh material, which allows for quick drainage of water and sea borne debris such a sand. OTB products will dry faster after exiting the water and will drain water faster and more efficiently as well. The mesh also makes the products simple to clean using fresh water after conducting operations in salt environments. The OTB TRI Fold shoulder cover is a simple solution for covering up your OTB LV/119 O V E R T shoulder straps. Although these are not built with padding in mind, they do offer some comfort for extended wear. The TRI Fold design makes these easy to take on and off. It also makes routing communication wires easy and simple. SOLD as a PAIR. NOTE: This component is an optional accessory to the Spiritus Systems Side Armor LV/119 Plate Carrier system. Plate Bags, the cummerbund and Plate carrier and all other components are sold separately.
