

# MATCH SERIES GUNNER 300 BLACKOUT PISTOL LENGTH RIFLE BARRELS - FAXON FIREARMS MATCH 300BLK 6" 1-5 TWIST GUNNER CONTOUR SS BBL NITRIDE

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

A faster 1:5 Twist Rate combined with the Lightweight Faxon Gunner Profile. The 300 Blackout cartridge yields increased performance in shorter barrels and effective subsonic performance. By speeding up the twist rate to 1:5 from common 300 BLK rates of 1:7 and 1:8, these Faxon Match Series Gunner Barrels increase projectile stabilization and energy on target. The Gunner profile is a blend of two of the best performing profiles of all time, GOVT/SOCOM and Pencil. Faxon's Gunner profile combines the durability of the GOVT/SOCOM profile with the weight savings and maneuverability of the Pencil profile. The Gunner profile brings the balance of the rifle back towards the shooter's body, limiting fatigue, and allowing for shooting, training, or hunting all day long. Faxon Firearms barrels are the pinnacle of value. Manufactured in-house in Greater Cincinnati, Ohio, Faxon barrels are fully stress relieved, air-gauge tested, and 11-degree target crowned to ensure superior accuracy. Quality is imbued into Faxon Firearms barrels from the beginning of the manufacturing process. Faxon Match Series Barrels are made of 416-R Stainless Steel, given 5R rifling, and a NP3 (Nickel Teflon) barrel extension. Faxon barrels are Magnetic Particle Inspected (MPI) in-house to assure the greatest quality for a lifetime of service. Each barrel goes through a battery of tests at each operation until finished in Nitride and final inspected. All barrels are individually checked for headspace with precision, custom-hardened PTG gauges.

## Attributes

- Name: [FAXON FIREARMS MATCH 300BLK 6" 1-5 TWIST GUNNER CONTOUR SS BBL NITRIDE](#)
- Manufacturer: [FAXON FIREARMS](#)

# Safety Instruction Guide for MATCH SERIES GUNNER 300 BLACKOUT PISTOL LENGTH RIFLE BARRELS

## Introduction

Thank you for choosing the MATCH SERIES GUNNER 300 BLACKOUT PISTOL LENGTH RIFLE BARRELS by Faxon Firearms. This guide provides essential safety instructions and information to ensure the safe use and handling of your product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the product is used only by individuals who are knowledgeable about firearm safety and operation.
- Always treat the barrel as if it is loaded, even when it is not.
- Store the barrel in a secure location away from unauthorized access, especially by children.
- Regularly inspect the barrel for any signs of damage or wear. If any issues are found, discontinue use immediately and consult a qualified gunsmith.
- Follow all local laws and regulations regarding the ownership and use of firearm components.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper installation can lead to malfunction or failure during use.
- Use of incompatible ammunition may cause serious injury or damage.
- Failure to maintain the barrel can lead to decreased performance and safety risks.

- **Avoiding Hazards:**

- Always ensure that the barrel is properly installed on a compatible firearm.
- Use only 300 AAC Blackout ammunition as specified for this barrel.
- Maintain the barrel and firearm in accordance with the manufacturer's guidelines to ensure safe operation.

- **Age Specific Warnings:**

- This product is intended for use by adults only. Ensure that minors do not handle or operate the firearm without proper supervision and instruction.

## Instructions for Installation and Usage

- **Installation Instructions:**

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing barrel from the firearm according to the manufacturer's instructions.
3. Clean the barrel extension and receiver to remove any debris or old lubricant.
4. Align the new Faxon barrel with the receiver, ensuring that it is seated properly.
5. Secure the barrel using the appropriate tools and torque specifications provided by the firearm manufacturer.
6. Perform a function check to ensure proper installation before use.

- **Usage Instructions:**

- Always wear appropriate eye and ear protection when firing.
- Ensure that the shooting environment is safe and free from obstructions.
- Use the firearm in accordance with the manufacturer's guidelines for operation and maintenance.
- Regularly clean and maintain the barrel to ensure optimal performance.

## **Disposal Instructions**

- Dispose of the barrel according to local regulations regarding hazardous materials.
- Do not dispose of the barrel in regular household waste.
- If the barrel is damaged or no longer usable, contact local authorities or a licensed firearms dealer for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or usage, please consult the manufacturer or a qualified firearms expert. It is crucial to follow all safety guidelines and regulations to ensure your safety and the safety of others.

## **Conclusion**

By following these safety instructions, you can help ensure safe and effective use of your MATCH SERIES GUNNER 300 BLACKOUT PISTOL LENGTH RIFLE BARRELS. Always prioritize safety and responsibility when handling firearms and their components. Thank you for your attention to these important guidelines.
