

AR-15 KP-15 WHAT WOULD STONER DO 2022 CONFIGURATION - AR-15 KP-15 WWSD 2022 CONFIGURATION 16" BBL (1) 30RD MAG BLK

[Firearms](#) > [Rifles](#) > [Semi-Auto](#)

The What Would Stoner Do (WWSD) 2022 Rifle is based on InRangeTV's series of videos that asked, "What would Eugene Stoner, the creator of the AR-15, do today if he had access to modern manufacturing and materials?" The WWSD 2022 is InRangeTV's solution to that question. Built by KE Arms, the rifle factors in lightweight materials, streamlined features and a reliable operating system. The heart of the WWSD 2020 is the KP-15 Polymer Lower Receiver. The lower is lightweight and robust, with an integral buttstock, that is designed from the ground up to integrate with the lower and be molded out of polymer. The included RTS-1 Rekluse sear link technology provides a crisp, lightweight trigger pull. The Rekluse allows the user to put the firearm on safe regardless of hammer position. The Rekluse features a full power hammer spring for reliability with hard primers. Only found on the WWSD KP-15 lowers, are the PDQ ambidextrous bolt release. In the buttstock, you'll find a JP Silent Capture Spring System that provides reliable function. The buttpad on the WWSD features a trapdoor for storing cleaning supplies or tools. Like the Lower Receiver, the Upper half is designed to be lightweight and supremely rugged. The carbon fiber handguards allow for MLOK attachment on all sides. The 16 inch pencil mid-length gas system barrel is capped by an A2 Flash Hider. The included Young Manufacturing Bolt Carrier Group with HM Defense/HMB Patent bolt features a slick chrome finish, providing smooth function and ease of cleaning (note the bolt, carrier, and carrier key are chromed; the extractor and cam pin are not). The upper receiver does not include the unnecessary forward assist, saving weight and removing a potential point of failure. Included ambidextrous charging handle makes operation of the WWSD in a variety of positions simple and straightforward. The WWSD 2022 Rifle from InRangeTV and KE Arms, the answer to what Eugene Stoner would do today. The WWSD is not intended to use Back Up Iron Sights. As Karl and Ian discussed in the videos related to this project, BUIS are essentially unnecessary with modern optics. The Carbon fiber handguards is of course well suited for mounting, lights, lasers, slings, bipods, hand stops, and vertical or angled grips. If you do want to use BUIS, you will need to use an Arisaka Defense Low Profile rail (or similar) to mount the front sight. Standard height rails are too tall to zero irons when mounted to the carbon fiber rail.

Attributes

- Name: [AR-15 KP-15 WWSD 2022 CONFIGURATION 16" BBL \(1\) 30RD MAG BLK](#)
- Manufacturer: [KE ARMS](#)
- Product no.: 430102597
- Mfr. No.: 1-61-01-026
- Action Type: Semi-Auto
- Barrel Length: 16"
- Capacity: 30-Round
- Cartridge: 5.56 mm NATO
- Finish: Textured
- Front Sight: Target

- Length: 35"
- Magazine Included: Yes
- Magazine Type: Removable
- Make: KE Arms
- Model: KP-15
- Muzzle: Flash Hider
- Rear Sight: Flip Up
- Stock Material: Polymer
- Weight: 5 lbs
- Delivery weight: 5.443kg
- Shipping height: 203mm
- Shipping width: 305mm
- Shipping length: 1,219mm

Safety Instruction Guide for the AR15 KP15 WHAT WOULD STONER DO 2022 CONFIGURATION

Introduction

Thank you for purchasing the AR15 KP15 WHAT WOULD STONER DO 2022 CONFIGURATION. This guide provides essential safety instructions and guidelines to ensure the safe use of your firearm. Please read this document carefully and keep it for future reference.

General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following general safety guidelines:

- Always treat every firearm as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Do not place your finger on the trigger until you are ready to shoot.
- Be aware of your target and what lies beyond it.
- Store firearms securely and out of reach of children.
- Use only the recommended ammunition for your firearm.
- Regularly inspect your firearm for signs of wear or damage.
- Do not modify your firearm without professional guidance.
- Follow all local laws and regulations regarding firearm ownership and usage.

Specific Safety Precautions for Use

When using the AR15 KP15 WHAT WOULD STONER DO 2022 CONFIGURATION, please observe the following specific safety precautions:

- Ensure that you are familiar with the operation of your firearm before use.
- Always wear appropriate eye and ear protection when shooting.
- Use a proper shooting stance and grip to maintain control of the firearm.
- Avoid shooting in areas where it is prohibited or unsafe to do so.
- Never shoot at hard surfaces or water, as this may cause ricochets.
- Use the firearm only in designated shooting ranges or safe environments.
- Ensure that the firearm is fully assembled and in good working condition before use.
- Do not use the firearm if you are under the influence of drugs or alcohol.

Instructions for Installation and Usage

Follow these instructions carefully for the safe installation and usage of your AR15 KP15:

1. Installation of Accessories:

- Ensure that the firearm is unloaded before installing any accessories.
- Attach the carbon fiber handguards securely using MLOK attachments as per the manufacturer's instructions.
- Install any lights, lasers, or other accessories according to their specific guidelines.

2. Loading the Firearm:

- Use only 5.56 mm NATO cartridges for your AR15 KP15.
- Ensure the magazine is properly seated in the magazine well.
- Pull the charging handle to the rear and release it to chamber a round.

3. Firing the Firearm:

- Ensure your target is clear and safe before firing.
- Stand in a stable shooting position.
- Aim carefully and squeeze the trigger gently to fire.

4. Clearing the Firearm:

- After firing, keep the firearm pointed in a safe direction.
- Remove the magazine and pull the charging handle to ensure the chamber is empty.
- Visually inspect the chamber to confirm it is clear.

5. Maintenance:

- Clean the firearm regularly to ensure proper function.
- Use a suitable cleaning kit and follow the manufacturer's recommendations for maintenance.

Disposal Instructions

When disposing of your AR15 KP15 WHAT WOULD STONER DO 2022 CONFIGURATION, please follow these guidelines:

- Do not dispose of firearms in regular trash.
- Contact your local authorities or a licensed firearms dealer for proper disposal methods.
- Ensure that all ammunition is safely disposed of in accordance with local laws.

Contact Information for Further Support

For any questions or concerns regarding the AR15 KP15 WHAT WOULD STONER DO 2022 CONFIGURATION, please consult the manufacturer's website or contact customer support for assistance.

By following these safety guidelines and instructions, you can help ensure a safe and enjoyable experience with your AR15 KP15 WHAT WOULD STONER DO 2022 CONFIGURATION. Always prioritize safety and responsibility when handling firearms.
