

# SABER 5X PRISM RED DOT - SWAMPFOX OPTICS SABER 5X36MM 5.56/308 STRIKE RED MOA RETICLE BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Red Dot Sights](#)

Saber is the most immersive 5x prism scope on the market, featuring a true ten-degree field of view and fast, forgiving eye box. Versatility is key with the integrated ambidextrous 90° sidecar mounts for our Sentinel dot sight, giving you the ability to transition from 1x to 5x at rapidfire speed. Don't let the size fool you, Saber is the same weight as an LPVO, but provides a more durable body with a superior sight picture. Illumination is available in red or green, with "Shake 'N Wake" motion sensing auto on/off and all the other perks you've come to expect from Swampfox prism scopes. Go big or go home with the Saber 5x!

# SABER 5X PRISM RED DOT SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the SABER 5X Prism Red Dot from Swampfox Optics. This guide provides essential safety instructions and usage recommendations to ensure that you can use your product safely and effectively. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always handle the SABER 5X Prism Red Dot with care.
- Ensure that the product is used only for its intended purpose as a sighting device.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Do not attempt to disassemble or modify the product in any way.
- Follow all local laws and regulations regarding the use of optical sights.

## Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using the SABER 5X, especially in environments where projectiles may be present.
- **Mounting:** Ensure that the sight is securely mounted to your firearm according to the installation instructions. A loose sight can lead to inaccurate aiming and potential accidents.
- **Battery Safety:**
  - Use only the recommended CR123A battery.
  - Do not mix old and new batteries or different brands.
  - Dispose of used batteries properly according to local regulations.
- **Illumination:** The illumination feature should be used responsibly. Avoid shining the sight directly into the eyes of others.
- **Environmental Conditions:** Avoid using the product in extreme weather conditions that may affect its performance.

## Instructions for Installation and Usage

### Installation

1. **Choose a Suitable Mounting Location:** Select a location on your firearm that allows for a comfortable and natural aiming position.
2. **Secure the Mount:** Use the integrated ambidextrous 90° sidecar mounts to attach the sight securely.
3. **Check Alignment:** Ensure that the sight is aligned properly with the barrel of the firearm.
4. **Battery Installation:**
  - Open the battery compartment and insert the CR123A battery following the polarity indicators.
  - Close the compartment securely.
5. **Test the Sight:** Before use, test the sight to ensure it is functioning correctly.

### Usage

- **Adjusting Brightness:** Use the brightness settings to adjust the illumination level according to your environment. There are 10 brightness settings available.
- **Transitioning Between Powers:** Practice transitioning from 1x to 5x magnification to become familiar with the sight's capabilities.
- **Regular Maintenance:** Clean the sight regularly with a soft cloth to maintain clarity and performance.

## **Disposal Instructions**

- Dispose of the SABER 5X Prism Red Dot in accordance with local regulations for electronic waste.
- Remove the battery before disposal and recycle it according to local battery recycling programs.
