

# FFT LONG ACTION STOCK - CHRISTENSEN ARMS FFT STOCK FOR LA SPORTER CONTOUR REMINGTON 700 CARBON/GRAY

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

Utilizing an Aerospace monocoque shell, Flash Forged Technology eliminates unnecessary internal weight. The result is an FFT-designed stock that is up to a full pound lighter than traditionally manufactured carbon fiber composite rifle stocks – creating a more consistent shooting foundation while reducing user fatigue in the field. Flash Forged Technology is available exclusively on select Christensen Arms firearms. For long action Rem 700 footprint only; Varmint or Sporter contour profile barrel channel. Stock includes stainless steel pillars, and sling studs.

## Attributes

# FFT Long Action Stock Safety Instruction Guide

## Introduction

Thank you for choosing the FFT Long Action Stock by Christensen Arms. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the FFT Long Action Stock is compatible with your firearm model (Remington 700 Long Action).
- Always handle your firearm with care and follow all safety protocols.
- Store the stock and firearm in a secure location, away from children and unauthorized users.
- Regularly inspect the stock for any signs of damage or wear.
- If you notice any issues, do not use the stock until it has been inspected by a qualified gunsmith.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using your firearm.
- Ensure that the stock is securely attached to the firearm before use.
- Avoid using the stock in wet or damp conditions to prevent damage to the materials.
- Do not modify the stock in any way, as this can compromise its integrity and safety.
- Be aware of your surroundings and ensure that you have a safe shooting environment.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from your Remington 700 Long Action firearm.
- Align the FFT Long Action Stock with the action of the firearm.
- Secure the stock using the provided stainless steel pillars and screws. Ensure all screws are tightened to the manufacturer's specifications.
- Attach the sling studs as needed.

### 2. Usage:

- Before firing, doublecheck that the stock is securely attached and that the firearm is functioning properly.
- Use the stock in accordance with the manufacturer's guidelines for optimal performance.
- Clean the stock regularly with a soft cloth to maintain its appearance and integrity.

## Disposal Instructions

- Dispose of the stock in accordance with local regulations.
- Do not dispose of the stock in regular household waste.
- Contact your local waste management authority for proper disposal methods for composite materials.

## Contact Information for Further Support

For any questions or concerns regarding the FFT Long Action Stock, please refer to the contact information provided by the retailer or manufacturer where you purchased the product.

## Conclusion

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your FFT Long Action Stock. Always prioritize safety and responsibility when handling firearms. Thank you for your attention and safe shooting!
