

# FFT LONG ACTION STOCK - CHRISTENSEN ARMS FFT STOCK FOR LA SPORTER CONTOUR REMINGTON 700 GREEN/TAN

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

Utilizing an Aerospace monocoque shell, Flash Forged Technology eliminates unnecessary internal weight. The result is an FFT-designed stock that is up to a full pound lighter than traditionally manufactured carbon fiber composite rifle stocks - creating a more consistent shooting foundation while reducing user fatigue in the field. Flash Forged Technology is available exclusively on select Christensen Arms firearms. For long action Rem 700 footprint only; Varmint or Sporter contour profile barrel channel. Stock includes stainless steel pillars, and sling studs.

# FFT Long Action Stock Safety Instruction Guide

## Introduction

Thank you for choosing the FFT Long Action Stock from Christensen Arms. This product is designed to enhance your shooting experience while ensuring safety and performance. Please read this safety instruction guide carefully to understand how to use, install, and maintain your stock safely.

## General Safety Guidelines

- Always ensure that your firearm is unloaded before attaching or detaching the stock.
- Keep the stock and firearm out of reach of children and unauthorized users.
- Inspect the stock regularly for any signs of damage or wear.
- Do not use the stock if it shows any signs of damage or if it has been modified in any way.
- Always follow the manufacturer's instructions for the safe handling and operation of your firearm.

## Specific Safety Precautions for Use

- Ensure that the stock is compatible with your Remington 700 long action firearm.
- Use only the recommended barrel contour (Varmint or Sporter) with this stock.
- Be aware of the weight reduction feature; while it enhances performance, it may change the balance of your firearm.
- Always wear appropriate eye and ear protection when shooting.
- Be mindful of your shooting environment and ensure a safe backdrop for your shooting activities.

## Instructions for Installation and Usage

### Installation Steps

1. **Prepare Your Workspace:** Ensure you have a clean, dry area to work in. Gather all necessary tools.
2. **Unload Your Firearm:** Doublecheck that your firearm is unloaded and pointed in a safe direction.
3. **Remove the Old Stock:** Detach the existing stock from your Remington 700 by unscrewing the action screws.
4. **Install the FFT Long Action Stock:**
  - Align the action of your firearm with the stock.
  - Secure the action in place using the provided stainless steel pillars and screws.
5. **Attach Sling Studs:** Ensure that the sling studs are securely attached for safe carrying.
6. **Check Stability:** Once installed, check the stability of the stock by gently shaking the firearm. There should be no movement.

### Usage Instructions

- Always check the stock for proper installation before each use.
- Familiarize yourself with the feel and balance of the firearm with the new stock before shooting.
- Practice safe firearm handling at all times, following all local laws and regulations.

## Disposal Instructions

When disposing of the FFT Long Action Stock, please follow these guidelines:

- Do not dispose of the stock in regular household waste.
- Check for local recycling programs that accept carbon fiber materials.
- If the stock is damaged beyond repair, contact local waste management for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the FFT Long Action Stock, please refer to the manufacturer's website or customer service for assistance.

By following these guidelines, you can ensure a safe and enjoyable experience with your FFT Long Action Stock. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important safety instructions.
