

FFT LONG ACTION STOCK - CHRISTENSEN ARMS FFT STOCK FOR LA VARMINT CONTOUR REMINGTON 700 GREEN/TAN

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

Utilizing an Aerospace monocoque shell, Flash Forged Technology eliminates unnecessary internal weight. The result is an FFT-designed stock that is up to a full pound lighter than traditionally manufactured carbon fiber composite rifle stocks – creating a more consistent shooting foundation while reducing user fatigue in the field. Flash Forged Technology is available exclusively on select Christensen Arms firearms. For long action Rem 700 footprint only; Varmint or Sporter contour profile barrel channel. Stock includes stainless steel pillars, and sling studs.

Safety Instruction Guide for FFT Long Action Stock Christensen Arms

Introduction

Thank you for choosing the FFT Long Action Stock from Christensen Arms. This product is designed to enhance your shooting experience while ensuring safety and performance. Please read this safety instruction guide carefully to understand how to use and maintain your stock safely.

General Safety Guidelines

- Always handle firearms and firearm accessories with care.
- Ensure that the firearm is unloaded before attaching or detaching the stock.
- Be aware of your surroundings and ensure a safe shooting environment.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Regularly check for product recalls or safety alerts related to your stock and other firearm accessories.
- If you notice any damage or malfunction, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- **Weight Consideration:** The FFT stock is designed to be lightweight. Ensure that your firearm is balanced and comfortable for your handling.
- **Installation:** Follow the installation instructions carefully to avoid improper attachment that could affect safety.
- **Sling Use:** Ensure that sling studs are securely attached before using a sling to carry your firearm.
- **User Fatigue:** Be mindful of fatigue during extended use, as this can lead to unsafe handling of the firearm.
- **Vulnerable Groups:** Keep firearms and accessories out of reach of children and unauthorized users.

Instructions for Installation and Usage

1. Installation:

- Ensure your Remington 700 is unloaded and safe.
- Remove the existing stock from your firearm according to the manufacturer's instructions.
- Align the FFT Long Action Stock with the action of the firearm.
- Securely attach the stock using the provided stainless steel pillars.
- Attach the sling studs if required.

2. Usage:

- Confirm that the stock is securely attached before each use.
- Regularly check the integrity of the stock and its components.
- Use only with a long action Rem 700 footprint and compatible barrel contours (Varmint or Sporter).
- Maintain a stable shooting position to enhance accuracy and reduce fatigue.

Disposal Instructions

- Dispose of the product responsibly in accordance with local regulations.
- If the stock becomes damaged beyond repair, ensure it is disposed of in a way that prevents any potential hazards to others.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries, product issues, or to report unsafe conditions, please reach out to the designated contact point provided by the manufacturer or retailer from which you purchased this product. Always keep your receipt and any warranty information for reference.

Thank you for your attention to these safety instructions. Your safety and the safety of those around you are of utmost importance. Enjoy your shooting experience with the FFT Long Action Stock!
