

FFT SHORT ACTION STOCK - CHRISTENSEN ARMS FFT STOCK FOR SA SPORTER CONTOUR REMINGTON 700 CARBON/GRAY

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

Utilizing an Aerospace monocoque shell, Flash Forged Technology eliminates unnecessary internal weight. The result is an FFT-designed stock that is up to a full pound lighter than traditionally manufactured carbon fiber composite rifle stocks – creating a more consistent shooting foundation while reducing user fatigue in the field. Flash Forged Technology is available exclusively on select Christensen Arms firearms. For short action Rem 700 footprint only; Heavy or Sporter contour profile barrel channel. Stock includes stainless steel pillars, and sling studs.

FFT Short Action Stock Safety Instruction Guide

Introduction

Thank you for choosing the FFT Short Action Stock by Christensen Arms. This guide provides essential safety instructions and information to ensure the safe use and maintenance of your product. Please read this manual carefully before using the stock.

General Safety Guidelines

- Always ensure the firearm is unloaded before installing or handling the stock.
- Inspect the stock for any signs of damage or wear before each use. Do not use if damaged.
- Follow all manufacturer instructions for the firearm to which the stock is attached.
- Store the stock and firearm in a secure location, out of reach of children and unauthorized users.
- Be aware of your surroundings when using the firearm to avoid accidents or injuries.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the stock is compatible with the Remington 700 short action footprint.
- Only use the stock with a heavy or sporter contour profile barrel channel.
- Do not exceed the manufacturer's specified weight limit of 1.125 lbs for the stock.
- Use stainless steel pillars and sling studs as provided; do not modify or replace them with nonapproved parts.
- Avoid exposing the stock to extreme temperatures or harsh chemicals that may damage the material.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from the firearm according to the manufacturer's instructions.
- Align the FFT stock with the action of the firearm, ensuring a secure fit.
- Install the stainless steel pillars and sling studs as per the provided instructions.
- Tighten all screws and fittings securely but avoid overtightening, which may cause damage.

2. Usage:

- Always follow safe handling practices when using the firearm with the stock attached.
- Regularly check the stock for proper attachment and any signs of wear or damage.
- Clean the stock with a soft cloth and mild soap; avoid abrasive cleaners.
- Store the stock in a cool, dry place when not in use.

Disposal Instructions

- When disposing of the stock, follow local regulations regarding the disposal of composite materials.
- Do not burn the stock, as this may release harmful fumes.
- Consider recycling options where available to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the FFT Short Action Stock, please refer to the manufacturer's website or contact their customer support for assistance.

Thank you for prioritizing safety and for your responsible use of the FFT Short Action Stock by Christensen Arms.
Enjoy your shooting experience!
