

FFT SHORT ACTION STOCK - CHRISTENSEN ARMS FFT STOCK FOR SA VARMINT CONTOUR REMINGTON 700 CARBON/GRAY

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

Utilizing an Aerospace monocoque shell, Flash Forged Technology eliminates unnecessary internal weight. The result is an FFT-designed stock that is up to a full pound lighter than traditionally manufactured carbon fiber composite rifle stocks – creating a more consistent shooting foundation while reducing user fatigue in the field. Flash Forged Technology is available exclusively on select Christensen Arms firearms. For short action Rem 700 footprint only; Heavy or Sporter contour profile barrel channel. Stock includes stainless steel pillars, and sling studs.

FFT Short Action Stock Safety Instruction Guide

Introduction

Thank you for choosing the FFT Short Action Stock by Christensen Arms. This guide provides essential safety information and instructions to ensure safe use and maintenance of your product. Please read this guide thoroughly before using the stock.

General Safety Guidelines

- Ensure the stock is compatible with your Remington 700 short action firearm.
- Always handle firearms and accessories with care and follow all safety protocols.
- Inspect the stock for any damage before installation and use.
- Store the stock in a secure location, out of reach of children and unauthorized users.
- Report any unsafe conditions or incidents related to the product to the appropriate authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended weight limit of 1.125 lbs for optimal performance.
- Avoid using the stock in extreme weather conditions that may affect materials.
- Ensure that all components, including stainless steel pillars and sling studs, are properly secured before use.
- Use appropriate safety gear when handling firearms, including eye and ear protection.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from your Remington 700 by loosening the screws.
- Align the FFT Short Action Stock with the action of your firearm.
- Secure the stock by tightening the screws until snug but do not overtighten.
- Attach any additional components, such as sling studs, as needed.

2. Usage:

- Before each use, perform a safety check to ensure the stock is secure.
- Use the stock in a stable shooting position to enhance accuracy and reduce fatigue.
- Regularly inspect the stock for signs of wear or damage, especially after extensive use.
- Clean the stock with a damp cloth; avoid using harsh chemicals that may damage the material.

Disposal Instructions

- When disposing of the stock, follow local regulations regarding the disposal of composite materials.
- If the stock is damaged beyond repair, consider recycling materials where possible.
- Ensure that any unusable parts are disposed of in a safe manner to prevent environmental harm.

Contact Information for Further Support

For any safety inquiries or concerns related to the FFT Short Action Stock, please reach out to the designated EU contact point provided with your product. It is important to stay informed about any safety updates or recalls that may affect your product.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your FFT Short Action Stock. Thank you for your attention to safety and for choosing Christensen Arms.
