

# FFT SHORT ACTION STOCK - CHRISTENSEN ARMS FFT STOCK FOR SA VARMINT CONTOUR REMINGTON 700 GREEN/TAN

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

Utilizing an Aerospace monocoque shell, Flash Forged Technology eliminates unnecessary internal weight. The result is an FFT-designed stock that is up to a full pound lighter than traditionally manufactured carbon fiber composite rifle stocks – creating a more consistent shooting foundation while reducing user fatigue in the field. Flash Forged Technology is available exclusively on select Christensen Arms firearms. For short action Rem 700 footprint only; Heavy or Sporter contour profile barrel channel. Stock includes stainless steel pillars, and sling studs.

## Attributes

- Name: [CHRISTENSEN ARMS FFT STOCK FOR SA VARMINT CONTOUR REMINGTON 700 GREEN/TAN](#)

# FFT SHORT ACTION STOCK CHRISTENSEN ARMS

## Safety Instruction Guide

### Introduction

Thank you for choosing the FFT Short Action Stock from Christensen Arms. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document carefully before using the stock and keep it for future reference.

### General Safety Guidelines

- Ensure that the stock is compatible with your firearm model (Remington 700 short action).
- Always follow the manufacturer's instructions for installation and usage.
- Regularly inspect the stock for any signs of damage or wear before each use.
- Store the stock in a safe and dry place when not in use.
- Keep the stock out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- **Weight Consideration:** The stock is designed to be lightweight (1.125 lbs). Ensure that your firearm is balanced appropriately to maintain control.
- **Installation:** Follow the installation instructions carefully to prevent improper fitting, which could lead to malfunction or injury.
- **Sling Usage:** Ensure that sling studs are securely attached before use to avoid accidental detachment during operation.
- **Environmental Conditions:** Avoid using the stock in extreme weather conditions that may affect its performance or structural integrity.
- **Handling:** Always handle your firearm safely and responsibly when using the stock.

### Instructions for Installation and Usage

#### 1. Installation:

- Remove the existing stock from your Remington 700 short action firearm.
- Align the FFT stock with the action of the firearm.
- Securely attach the stock using the provided stainless steel pillars and screws.
- Ensure that all components are tightened to prevent movement during use.

#### 2. Usage:

- Confirm that the firearm is unloaded before handling.
- Position the stock firmly against your shoulder for stability.
- Maintain a proper grip on the firearm while aiming and shooting.
- After use, clean the stock according to the manufacturer's recommendations to maintain its condition.

### Disposal Instructions

- Do not dispose of the stock in regular household waste.
- Follow local regulations for the disposal of composite materials.
- Consider recycling options where available to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the FFT Short Action Stock, please refer to the manufacturer's website or customer service for assistance. Always ensure that you are following the latest safety guidelines and product updates.

By adhering to the safety instructions outlined in this guide, you can ensure a safer and more enjoyable experience with your FFT Short Action Stock from Christensen Arms. Thank you for prioritizing safety and responsible firearm use.
