M5 (.308) Enhanced Gen2 MLOK Handguards

Safety Instructions

Introduction

Thank you for choosing the M5 (.308) Enhanced Gen2 MLOK Handguards by Aero Precision. This document provides important safety guidelines, installation instructions, and disposal information to ensure safe and effective use of your product. Please read this guide carefully before using the handguard.

General Safety Guidelines

- Always ensure that the handguard is compatible with your firearm model before installation.
- Inspect the handguard for any visible damage or defects before use.
- Keep the handguard out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm modifications and accessories.
- Use protective eyewear when handling or installing firearm components.
- Ensure that the firearm is unloaded and safe before performing any installation or maintenance.

Specific Safety Precautions for Use

- **Compatibility:** This handguard is specifically designed for the M5 (.308) and M5E1 platforms. It is not compatible with AR15/M4E1 platforms.
- **Barrel Nut:** The handguard does not come with a barrel nut and must be purchased separately. Ensure you have the correct barrel nut for safe installation.
- **Installation:** Improper installation may lead to malfunctions or accidents. Always follow the installation instructions carefully.
- **Muzzle Devices:** The inside diameter of the handguard is designed to fit most muzzle devices and 1.5" suppressors. Ensure your muzzle devices are compatible.
- **Gas Blocks:** Use low profile gas blocks to ensure proper fit and function.
- **Sling Socket:** Utilize the quick disconnect sling sockets at the 3, 6, and 9 o'clock positions to secure slings safely.
- **Handling:** Avoid placing excessive weight or stress on the handguard during use to maintain its integrity.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have all necessary tools and components, including the handguard, barrel nut (purchased separately), and any required installation tools.
- Confirm that your firearm is unloaded and safe.

2. Installation:

- Remove the existing handguard (if applicable) by following the manufacturer's instructions for your firearm.
- Install the barrel nut according to the specifications provided by the manufacturer. Ensure it is securely fastened.
- Align the handguard with the barrel nut and slide it into place.
- Use the builtin antirotation tabs to secure the handguard against rotation.
- Ensure that the handguard is properly seated and aligned with the firearm.

3. Usage:

- After installation, check for any movement or instability in the handguard.
- Test the fit of any muzzle devices and ensure they are securely attached.
- Regularly inspect the handguard for wear, damage, or looseness during use.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations regarding electronic and plastic waste.
- If the handguard is damaged or no longer usable, ensure it is securely packaged to avoid injury during disposal.
- Recycle components where possible, following local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the M5 (.308) Enhanced Gen2 MLOK Handguards, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
