[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

ATLAS BIPOD GEN2 CANT AND LOC (CAL) TALL BIPODS BT69-NC Gen. 2 CAL Atlas Bipod: Tall with No Clamp The CAL (Cant And Loc) Atlas Bipods were developed for shooters that do not desire the Panning feature. The BT69-NC Atlas Bipod "No Clamp" model has a two hole pattern of 1.100" with the holes being 10/32 threads. It requires any 17S size lever style mount to include the ADM-170-S, ARMS 17S, TRAMP from Badger Ordnance, LT271 or any ARCA dovetail mount with the same hole pattern. The BT69-NC will also mount directly to our BT19 AI Spigot or BT70 M-LOK® Adapter. It is comprised of 6061-T6 aluminum, except the inner legs which are made from 7075-T6 aluminum, Mil-Spec Type III hard coat anodized and have heat treated stainless steel components. Includes two 10-32 x 3/8" flathead socket screws. Available in black only. They chose to support a legend in the shooting sports by using the original KMW "Pod-Loc™." Read how to adjust the Pod-Loc™ lever below.

## Attributes

# Safety Instruction Guide for GEN2 CANT AND LOC (CAL) TALL BIPODS

## Introduction

Thank you for choosing the GEN2 CANT AND LOC (CAL) TALL BIPODS by ACCUSHOT. This guide provides essential safety instructions and usage information to ensure a safe and effective experience with your bipod. Please read this guide carefully before using the product.

## General Safety Guidelines

- **Product Safety:** Ensure that the bipod is used only for its intended purpose. Follow all instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about any product recalls. Check the EU Safety Gate platform for updates.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact for this product.
- **Rapid Alerts:** Be aware of any updates regarding product safety through the Safety Gate system.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper installation may lead to instability.
- Use on uneven surfaces can cause tipping.
- Do not exceed the weight limit of the bipod.

### • Avoiding Hazards:

- Always ensure a stable surface before setting up the bipod.
- Regularly inspect the bipod for any signs of wear or damage.
- Do not modify the bipod in any way.
- Use only compatible mounts as specified in the product instructions.

## Instructions for Installation and Usage

### • Installation:

1. Ensure that you have the required mounting hardware (17S size lever style mount or compatible ARCA dovetail mount).
2. Align the bipod's mounting holes (1.100" spacing with 10/32 threads) with the mount.
3. Secure the bipod using the provided two 1032 x 3/8" flathead socket screws. Tighten firmly but do not overtighten.

### • Usage:

- Set the bipod on a flat and stable surface.
- Adjust the height as needed for your shooting position.
- Ensure that the legs are fully extended and locked before use.
- If using the PodLoc™ feature, follow the adjustment instructions provided separately.

## **Disposal Instructions**

- Dispose of the bipod in accordance with local regulations.
- Recycle components when possible, especially aluminum parts.
- Do not dispose of in regular household waste if local regulations specify otherwise.

## **Contact Information for Further Support**

For further assistance, please refer to the designated EU contact for this product or consult the retailer from whom you purchased the bipod. Ensure you have your purchase details and product information ready for any inquiries.

Thank you for your attention to these safety guidelines. Enjoy using your GEN2 CANT AND LOC (CAL) TALL BIPODS responsibly and safely.
