Safety Instruction Guide for The Works Toolkit with 18 Bit AddOn and Pin Punch Set

Introduction

Thank you for choosing The Works Toolkit with 18 Bit AddOn and Pin Punch Set by FIX IT STICKS. This toolkit is designed to assist you in maintaining your firearms safely and effectively. This guide provides essential safety instructions, usage guidelines, and disposal information to ensure a safe and satisfactory experience.

General Safety Guidelines

- Always read and understand the instructions before using the toolkit.
- Ensure all components are in good condition before use. Do not use damaged tools.
- Keep the toolkit out of reach of children and vulnerable individuals.
- Use the toolkit in a wellventilated area to avoid inhaling any dust or debris.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the toolkit.
- Do not use the toolkit for any purpose other than intended.
- Regularly check for updates on safety recalls and safety notices regarding this product.

Specific Safety Precautions for Use

- When using torque limiters, ensure you are familiar with the correct torque settings for your specific firearm components to avoid damage.
- Handle all bits and tools with care to prevent injury.
- Use the correct size and type of bit for each screw or fastener to ensure proper engagement and avoid stripping.
- When using the pin punch, apply controlled force to avoid damaging the pin or the surrounding material.
- Be cautious of sharp edges on tools and bits; always store them safely when not in use.
- Ensure that all tools are clean and free from obstructions before use.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and safe to work on.
- Gather all necessary tools from the toolkit.

2. Using Torque Limiters:

- Select the appropriate torque limiter for your application.
- Attach the torque limiter to the THandle wrench.
- Tighten screws or fasteners to the specified torque setting carefully.

3. Using the Bits:

- Choose the correct bit for the task.
- Insert the bit into the 1/2" socket and ensure it is securely attached.
- Use the wrench to apply torque as needed.

4. Using the Pin Punch:

- Select the appropriate pin punch size.

- Position the punch on the pin you wish to remove.
- Use a hammer to gently tap the punch, applying controlled force.

5. Cleaning and Maintenance:

- After use, clean all tools with a dry cloth to remove dirt and debris.
- Store the toolkit in a dry place to prevent rust and damage.

Disposal Instructions

- Dispose of any broken or damaged tools in accordance with local regulations.
- Do not dispose of the toolkit in household waste. Instead, check local recycling facilities for proper disposal methods.
- If the product is recalled, follow the instructions provided in the recall notice for safe disposal.
