

HEATSEEKER CHASSIS FOR RUGER AMERICAN RANCH - SHARPS BROS HEATSEEKER CHASSIS W/14" HANDGUARD FOR RUGER AMERICAN RANCH

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

Heatseeker is an innovative, affordable chassis system for your bolt action rifle, allowing you to easily upgrade a traditional factory rifle stock for improved versatility and a sleek, modern appearance. This 1lb, 3 ounce chassis is machined from billet (solid block) high-strength 6061-T6 aluminum and includes a 10 ounce, 14" handguard cut from a unique extrusion shape exclusive to Sharps Bros. Both the chassis body and the handguard are finished in a matte black Cerakote. The handguard features MLOK slots on 4 sides for various attachment options (light, bipod, night vision, ARCA rail...) and two quick disconnect fittings per side for sling attachment. Add your grip of choice with Heatseeker's standard AR15 grip interface. Heatseeker's built in AR buffer interface allows you to further customize your rifle with your preferred AR15 type stock as well. This offering is for the Ruger American Ranch (calibers: 5.56/223, 300 blackout, 7.62x39, 6.5 Grendel, 350 Legend & 450 Bushmaster). This Heatseeker model is compatible with standard AR15 magazines.

HEATSEEKER CHASSIS FOR RUGER AMERICAN RANCH

Consumer Safety Instructions

Introduction

Thank you for choosing the Heatseeker Chassis for your Ruger American Ranch rifle. This product is designed to enhance your shooting experience by providing a modern and versatile platform for your firearm. To ensure safe and effective use of this chassis system, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure you are in a safe environment when handling firearms.
- Keep the chassis and firearm out of reach of children and unauthorized users.
- Wear appropriate safety gear, including eye and ear protection, when using firearms.
- Familiarize yourself with local laws and regulations regarding firearm modifications and usage.
- Regularly inspect the chassis and firearm for any signs of wear or damage before use.
- If you notice any issues, do not use the product until it has been inspected and repaired by a qualified gunsmith.

Specific Safety Precautions for Use

- Ensure that the Heatseeker Chassis is compatible with your Ruger American Ranch rifle before installation.
- Use only standard AR15 magazines with the Heatseeker Chassis.
- Do not exceed the manufacturer's recommended calibers: 5.56/223, 300 blackout, 7.62x39, 6.5 Grendel, 350 Legend & 450 Bushmaster.
- Avoid using the chassis in adverse weather conditions that may affect performance or safety.
- Do not modify the chassis or firearm components beyond the manufacturer's specifications.
- Always secure the rifle with the sling attachment points when not in use.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from your Ruger American Ranch rifle.
- Align the Heatseeker Chassis with the rifle's receiver.
- Secure the chassis to the rifle using the provided hardware, ensuring all screws are tightened to the manufacturer's specifications.
- Attach the 14" handguard to the chassis, ensuring it is properly aligned and secured.
- Install your preferred AR15 grip using the standard grip interface provided.
- Verify that the buffer interface is correctly installed for optimal performance.

2. Usage:

- Once installed, check all connections to ensure stability.
- Load your chosen caliber magazine and insert it into the chassis.
- Conduct a function check to ensure that the rifle operates correctly with the new chassis.
- Use the MLOK slots on the handguard to attach any accessories as needed.
- Always follow safe firearm handling practices during use.

Disposal Instructions

- Dispose of the Heatseeker Chassis responsibly at the end of its life cycle.
- Follow local regulations for the disposal of aluminum and firearm components.
- Do not dispose of the chassis in regular household waste.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the Heatseeker Chassis, please reach out to your local dealer or the manufacturer. Ensure that you have your product information ready for quicker assistance.

Conclusion

By following these safety instructions, you can enjoy the benefits of the Heatseeker Chassis while ensuring safe operation and compliance with relevant safety standards. Thank you for your responsible handling and use of this product.
