

# DUAL FOLDING ADAPTER - STRIKE INDUSTRIES DUAL FOLDING ADAPTER

[Rifle Parts](#) > [Stock Parts](#) > [Stock Hardware](#) > [Adapter](#)

The Strike Dual Folding Adapter is the first-in-market patented system that has an intuitive unfolding system for a Picatinny interface. The Strike Dual Folding Adapter folds left or right anytime without flipping or reconfiguring the hinge. At any moment, the user can fold to the desired left or right side. When moved into the folded position, there is a positive lock so the Strike Dual Folding Adapter remains folded. A simple pull up on the bar near the hinge and back for quick deployment when folded. A 3-degree down tilt angle is added to help prevent interference with the weapons ejection port when folded to the right side. The Strike Dual Folding Adapter mounts directly to a 1913 Picatinny interface with two (x2) built-in locking lugs for a secure attachment. For the stock rear piece, included is a rear rubber anti-slip buttpad to create the best possible shoulder weld for rifle or registered Short-Barrel Rifle (SBR) setups. A single QD point is located on the rear of the stabilizer and ambidextrous QD sling mounting points for the stock. The Strike Dual Folding Adapter is constructed with a steel hinge and 6061-T6 Aluminum base, adapter & strut. Get a unique modular system with interchangeable (sold separately) parts like optional cheek riser (to be only used legally with stock setup), strut lengths and other accessories. Use with almost any 1913 Picatinny rear end like the Strike AR Picatinny Stock Adapter or many factory OEM weapons with a Picatinny rail section in place of the traditional AR buffer tube threads. The Strike Dual Folding Adapter is a one of a kind adapter that gives you more options than anything on the market for those who want a truly modular folder that is under 10 ounces. Product Features: Preassembled as stabilizer and includes a separate stock rear piece for rifle or registered Short-Barrel Rifle (SBR) Patented first-in-market Picatinny dual folding adapter with intuitive unfolding system Folds left or right anytime without flipping or reconfiguring hinge Adds [Stabilizer] 9.24" (234.64mm) or [Stock] 9.18" (233.14mm) to overall weapon length Adds 1.02" (26.00mm) to overall weapon length in folded position Positive lock in the folded position, included rubber pads for folding adapter indentation to adjust desired locking tension when fully deployed Pull up on bar near hinge and back for quick deployment when folded 3-degree down tilt to help prevent interference with ejection port when folded to right side Mounts directly to 1913 Picatinny interface with 2 built-in locking lugs Single rear QD [Stabilizer] and ambidextrous QD sling mounting points [Stock] Rubber anti-slip buttpad [Stock] Steel hinge with 6061-T6 Aluminum base, adapter & strut Lightweight at under 10 ounces Modular system with interchangeable parts sold separately (strut, cheek riser, stabilizer & more) MOUNT COMPATIBILITY: 1913 Picatinny Strike AR Picatinny Stock Adapter B&T APC9/45, APC223/300, GHM Brownells BRN-180 lower receiver CZ Bren 2 CZ Scorpion EVO pistol w/ SI Stock Adapter Back Plate Galil ACE Ruger PC Charger SIG SAUER MCX/MPX

## Attributes

- Name: [STRIKE INDUSTRIES DUAL FOLDING ADAPTER](#)
- Manufacturer: [STRIKE INDUSTRIES](#)
- Product no.: 430103473
- Mfr. No.: SI-FSA-DUAL

- Finish: Black
- Material: Steel
- Delivery weight: 0.346kg
- Shipping height: 76mm
- Shipping width: 152mm
- Shipping length: 286mm
- UPC: 793811765533

### **Item details**

US export classification: 0A501.x

# Safety Instruction Guide for DUAL FOLDING ADAPTER

## Introduction

Thank you for choosing the Strike Industries Dual Folding Adapter. This guide provides essential safety instructions and usage guidelines to ensure the safe operation of your product. Please read this document carefully before using the adapter to understand its features and safety precautions.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Always check the adapter for any signs of damage before use. Do not use if damaged.
- Keep the adapter out of reach of children and unauthorized users.
- Use the adapter only with compatible equipment as specified in the product description.
- Regularly inspect the installation and components for wear or damage.
- Be aware of your surroundings when using the adapter to avoid accidents or injuries.

## Specific Safety Precautions for Use

- Ensure the adapter is securely attached to a compatible 1913 Picatinny interface before use.
- Always use the locking mechanism to secure the adapter in the folded position when not in use.
- When deploying the adapter, pull up on the bar near the hinge and push back gently to avoid pinching fingers.
- Be cautious of the 3degree down tilt angle to prevent interference with the weapon's ejection port.
- If using the adapter with a registered ShortBarrel Rifle (SBR), ensure compliance with all legal requirements.
- Do not exceed the weight limits or specifications provided in the product description.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and safe to handle.
- Align the adapter with the 1913 Picatinny interface on your firearm.
- Secure the adapter using the two builtin locking lugs until firmly attached.
- Check that the adapter is stable and does not wobble.

### 2. Usage:

- To fold the adapter, simply move it left or right without flipping or reconfiguring the hinge.
- To deploy, pull up on the bar near the hinge and push back until it locks into position.
- When not in use, fold the adapter and engage the locking mechanism to keep it securely folded.
- Regularly check the adapter during use to ensure it remains secure and functional.

## Disposal Instructions

- Dispose of the adapter in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of the product in household waste.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or support regarding the Strike Industries Dual Folding Adapter, please refer to the manufacturer's website or customer service.

By following these safety instructions, you can ensure the safe and effective use of your Dual Folding Adapter. Thank you for your attention to safety!
