

# EJECTION PORT COVER WITH TWIN DIMPLE - FORWARD CONTROLS DESIGN TDP SPEC EJECTION PORT COVER, TWIN DIMPLE, BLACK

[Rifle Parts](#) > [Receiver Parts](#) > [Ejection Port Cover Parts](#) > [Ejection Port Covers](#)

EPC (Ejection Port Cover) is based on TDP dimensions, with thoughtful Forward Control touches. Billet machined from 7075 aluminum, and hard coat Type III anodized, it incorporates features they think many will find useful. EPC has two "tabs" flanking the cutout for the port cover spring. These tabs allow the EPC to rest on the upper at a greater angle when it's in the down/open position, which provides more space between the port cover and lower receiver. Their job is to better allow the user's finger to get underneath the port cover when he wishes to swing it up/close. Another feature is a shallow circular depression on the side of the EPC to provide texture tactile feedback to the user's finger when he's closing the EPC. A flat surface provides nothing to the user to differentiate one surface from another, it also provides no traction. A shallow circular depression on the left side of the EPC does both. Forward Controls Design incorporate flat surfaces with care as they have their uses. In this case, EPC's exterior surface is treated as a control surface, where a flat surface rarely makes sense. EPC is compatible with TDP spec upper receivers. Weight: 0.30oz. Material: 7075 Construction and coating: billet, type III anodized. Proudly designed and made in the USA. NOTE: Initial closing and opening of EPC may be stiff, this is normal, and will become easier with 2 or 3 closing/opening cycles. Proudly designed and made in the USA. NOTE: CSF does not ship with sling swivels. Please do not fully disassemble the CSF, you may not be able to reassemble it once it's taken apart.

## Attributes

- Name: [FORWARD CONTROLS DESIGN TDP SPEC EJECTION PORT COVER, TWIN DIMPLE, BLACK](#)
- Manufacturer: [FORWARD CONTROLS DESIGN](#)
- Product no.: 430103587
- Mfr. No.: EPC 2D BLK
- Weapon type: AR-15
- Delivery weight: 0.34kg
- Shipping height: 13mm
- Shipping width: 102mm
- Shipping length: 165mm
- UPC: 686162347889

## Item details

Made in USA

US export classification: 0A501.x

# EJECTION PORT COVER WITH TWIN DIMPLE FORWARD CONTROLS DESIGN TDP SPEC SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Ejection Port Cover with Twin Dimple Forward Controls Design. This product is designed to enhance the functionality of your firearm while ensuring safety during use. Please read this safety instruction guide thoroughly to understand how to use and maintain the product safely.

## General Safety Guidelines

- **Product Safety:** Always ensure the safe use of the Ejection Port Cover. This product complies with the EU General Product Safety Regulation (GPSR).
- **Enhanced Recalls:** Stay informed about any safety recalls related to this product. If a recall occurs, follow the instructions provided for a remedy.
- **Online Shopping:** If purchased online, ensure the platform meets safety requirements.
- **Special Consumer Focus:** Keep this product out of reach of children and vulnerable individuals to prevent accidental injury.
- **EU Contact Point:** For any safety inquiries, refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Be aware of updates regarding unsafe products through the Safety Gate system.

## Specific Safety Precautions for Use

- **Proper Handling:** Always handle the Ejection Port Cover with care. Ensure that your hands are dry and clean to maintain grip.
- **Avoid Forceful Operation:** Initial closing and opening may be stiff. Do not force the mechanism; instead, perform 2 or 3 opening and closing cycles to ease operation.
- **Inspect Before Use:** Regularly check the Ejection Port Cover for any signs of wear or damage. Do not use if damaged.
- **Use with Compatible Equipment:** Ensure the Ejection Port Cover is installed on TDP spec upper receivers only.
- **Avoid Disassembly:** Do not fully disassemble the Ejection Port Cover. Reassembly may not be possible if taken apart.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Align the Ejection Port Cover with the upper receiver according to TDP specifications.
- Securely attach the Ejection Port Cover, ensuring it is properly seated and functions smoothly.

### 2. Usage:

- To open the Ejection Port Cover, gently lift it using your finger, ensuring it swings up without obstruction.
- To close, press down gently until it clicks into place. Ensure it rests securely.

### 3. Maintenance:

- Clean the Ejection Port Cover regularly to remove dirt and debris.
- Inspect the tabs and the spring mechanism for proper function.

## Disposal Instructions

- **End of Life:** Dispose of the Ejection Port Cover in accordance with local regulations.
- **Recycling:** If possible, recycle the aluminum material to minimize environmental impact.

## Contact Information for Further Support

For any questions or concerns regarding the Ejection Port Cover, please refer to the retailer or manufacturer's contact information provided at the time of purchase.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using your Ejection Port Cover with Twin Dimple Forward Controls Design.
