

M5E1 6.5 CREEDMORE ASSEMBLED UPPER RECEIVER W/GEN 2 HANDGUARD - AERO PRECISION M5E1 6.5 CM ASSEMBLED UPPER FLUTED 22" RIFLE THREADED FDE

[Rifle Parts](#) > [Receiver Parts](#) > [Receivers](#) > [Upper Receivers](#)

Feature-Laden Upper for a "Boringly Accurate" Target Rifle

Aero Precision's M5E1 6.5 Creedmoor Upper Receiver is ready to be the foundation of a lightweight, tack-driving target rifle. Chambered for the inherently accurate 6.5mm Creedmoor cartridge that's taking the long-range target shooting community by storm, the M5E1 fits DPMS GEN 1 LR-308 lower receivers and clones and accepts the DPMS-compatible bolt/carrier group and charging handle of your choice. The BCG and charger are omitted because...many target shooters prefer to select them separately. (No need to pay for parts you're going to replace, right?) Each M5E1 6.5 Creedmoor Upper Receiver comes with a high-quality 416R stainless steel target barrel with a 1-8" twist to stabilize a variety of popular target bullets. An extra-length gas system slows gas velocity for gentler, more reliable cycling and reduced wear on the gas block, BCG, and receiver. Available in a compact 18" length with a MID-LENGTH gas system; or choose a 20" or 22" lengths for extra bullet velocity and RIFLE-LENGTH gas system. Forged 7075 T6 aluminum receiver, hardcoat anodized matte black Fits DPMS Gen I LR-308 lower receivers & clones Ejection port cover & forward assist installed Matte bead-blasted finish on barrel (not fluted) A2-style flash suppressor Handguard: 1.78" inside diameter clears most muzzle devices and 1.5" suppressors .2795" dia. pivot/takedown pin holes Charging handle & bolt/carrier group NOT included The M5E1 6.5 Creedmoor Upper Receiver is fitted with Aero Precision's Gen 2 Enhanced M-LOK Handguard with an uninterrupted, gap-free, full-length Picatinny top rail runs from the rear of the receiver across the entire length of the handguard. There are plenty of M-LOK accessory attachment slots and QD sling swivel sockets at the 3/6/9 o'clock positions. Texture milled into the flats gives you a secure hold and adds to your gun's unique appearance. The result: a laser-accurate target rifle with a rock-solid accessory mounting platform.

Attributes

Safety Instruction Guide for M5E1 6.5 Creedmoor Assembled Upper Receiver

Introduction

Thank you for choosing the M5E1 6.5 Creedmoor Assembled Upper Receiver by Aero Precision. This guide provides essential safety instructions and guidelines to ensure safe usage and compliance with EU General Product Safety Regulation (GPSR). Please read this document carefully before using the product.

General Safety Guidelines

- Always treat the upper receiver as if it is loaded, even if you believe it is not.
- Store the upper receiver in a secure location, out of reach of children and unauthorized users.
- Use only compatible components with the M5E1 upper receiver to avoid malfunctions or accidents.
- Regularly inspect the upper receiver and associated parts for wear and damage.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Ensure that you are familiar with the operation of your firearm before using this product.

Specific Safety Precautions for Use

- Ensure the firearm is pointed in a safe direction at all times.
- Do not place your finger on the trigger until you are ready to shoot.
- Always wear appropriate eye and ear protection when using the firearm.
- Be aware of your surroundings and ensure a clear shooting area.
- Do not use the upper receiver if it has been modified or damaged.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing upper receiver from the lower receiver.
3. Align the M5E1 upper receiver with the lower receiver, ensuring proper fit.
4. Insert the pivot and takedown pins into their respective holes.
5. Secure the upper receiver to the lower receiver by pushing the pins into place.
6. Install the charging handle and bolt carrier group of your choice (not included).
7. Check that all components are securely attached and function correctly.

Usage

- Ensure that the firearm is properly assembled before use.
- Load the firearm only when you are ready to shoot.
- Follow the manufacturer's guidelines for ammunition compatibility.
- After each use, clean and maintain the upper receiver according to the manufacturer's instructions.

Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local regulations.
- If the upper receiver is no longer in use, consider selling or transferring it through legal channels.
- Do not dispose of the upper receiver in regular household waste. Consult local regulations for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, installation, or usage of the M5E1 6.5 Creedmoor Assembled Upper Receiver, please consult the manufacturer or authorized dealer. Always ensure that you have access to professional support for any issues that may arise.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on responsible handling and usage of firearms.
