

# AR-308 PREMIUM SERIES 6.5 CREEDMOOR RIFLE BARRELS - BALLISTIC ADVANTAGE PREMIUM SERIES 6.5 CREEDMOOR 24" 1-8 TWIST HVY RIFLE SS BBL

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

These 6.5 Creedmoor chambered (DPMS style) barrels are machined from 416R Stainless Steel with a bead blasted finish. Premium Series 6.5 Creedmoor Barrels are proof fired and MPI tested, ensuring the best in quality and accuracy. 6.5 Creedmoor is the perfect option if you're looking to maximize the accuracy of your .308 platform. Apart from a simple barrel swap, all parts, including the bolt and mag, remain the same as a normal .308 build. The inherently accurate 6.5mm projectile, the increasing amount of off-the-shelf match grade factory 6.5 Creedmoor ammunition, and the extremely soft recoil pulse all combine to create one of the best black rifle options available.

# Safety Instruction Guide for AR308 PREMIUM SERIES 6.5 CREEDMOOR RIFLE BARRELS

## Introduction

Thank you for choosing the AR308 PREMIUM SERIES 6.5 CREEDMOOR RIFLE BARRELS from Ballistic Advantage. This guide provides important safety information and instructions to ensure the safe and effective use of your rifle barrels. Please read this document carefully before installation and use.

## General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Store your firearm and ammunition securely, away from children and unauthorized users.
- Use only the recommended ammunition type; in this case, 6.5 Creedmoor.
- Always wear appropriate eye and ear protection when shooting.
- Do not modify the barrel or any part of the firearm without consulting a qualified gunsmith.
- Regularly inspect your rifle and barrel for signs of wear or damage.
- Follow all local laws and regulations regarding firearm usage and ownership.

## Specific Safety Precautions for Use

- Ensure that the rifle is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of your surroundings and ensure a clear and safe shooting area.
- If you experience any malfunctions while shooting, follow proper clearing procedures and seek assistance if necessary.
- Be cautious of recoil and ensure you are prepared for the firearm's operation.

## Instructions for Installation and Usage

### Installation

1. **Gather Required Tools:** Ensure you have the necessary tools, including a barrel wrench, torque wrench, and appropriate cleaning supplies.
2. **Ensure Safety:** Make sure the firearm is unloaded and the chamber is clear.
3. **Remove the Existing Barrel:**
  - Follow the manufacturer's instructions for disassembling your rifle.
  - Use a barrel wrench to carefully remove the existing barrel.
4. **Install the New Barrel:**
  - Align the new AR308 PREMIUM SERIES 6.5 CREEDMOOR barrel with the receiver.
  - Hand tighten the barrel first, then use a torque wrench to secure it according to the manufacturer's specifications.
5. **Attach the Muzzle Device** (if applicable):
  - Ensure the muzzle device is properly threaded and secured.
6. **Reassemble the Rifle:** Follow the manufacturer's instructions to reassemble your rifle.
7. **Function Check:** Perform a function check to ensure everything operates correctly before use.

### Usage

- Before shooting, ensure the barrel is clean and free of obstructions.
- Load the rifle according to the manufacturer's instructions.
- After shooting, clean the barrel to maintain performance and longevity.

## **Disposal Instructions**

- Dispose of any damaged or worn barrels in accordance with local regulations.
- Do not throw away barrels in regular trash. Contact local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding safety or product performance, please contact the manufacturer or a qualified gunsmith for assistance.

Please remember that safe handling and usage of firearms is a shared responsibility. Always prioritize safety and adhere to local laws and regulations. Thank you for your attention to these important safety guidelines.
