These 6.5 Creedmoor chambered (DPMS style) barrels are machined from 416R Stainless Steel with a bead blasted finish. Premium Series 6.5 Creedmoor Barrels are proof fired and MPI tested, ensuring the best in quality and accuracy. 6.5 Creedmoor is the perfect option if you're looking to maximize the accuracy of your .308 platform. Apart from a simple barrel swap, all parts, including the bolt and mag, remain the same as a normal .308 build. The inherently accurate 6.5mm projectile, the increasing amount of off-the-shelf match grade factory 6.5 Creedmoor ammunition, and the extremely soft recoil pulse all combine to create one of the best black rifle options available.

Introduction

Thank you for choosing the AR308 Premium Series 6.5 Creedmoor Rifle Barrels. This guide provides essential safety instructions to ensure the safe use and handling of your new product. Please read this document carefully before installation and usage to maximize your safety and the performance of the rifle barrels.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Store firearms and ammunition in a secure location, out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding the use and ownership of firearms.
- Regularly inspect your firearm and its components for signs of wear or damage.
- Use only compatible ammunition as specified by the manufacturer.
- Be aware of your surroundings and ensure a safe shooting environment.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before performing any maintenance or installation of new components.
- Wear appropriate eye and ear protection while shooting.
- Avoid using the firearm in wet or damp conditions to prevent corrosion.
- Do not modify the barrel or any other component of the firearm without consulting a professional gunsmith.
- Be cautious of the recoil when firing; use a stable shooting position to maintain control.
- Always ensure that the muzzle is pointed in a safe direction when loading or unloading.
- Keep your finger off the trigger until ready to shoot.

Instructions for Installation and Usage

Installation Instructions

1. **Preparation:** Gather all necessary tools and ensure your workspace is clean and free of distractions.
2. **Unloading the Firearm:** Ensure that the firearm is completely unloaded. Check the chamber and magazine.
3. **Remove the Old Barrel:**
 - Use appropriate tools to detach the existing barrel from the firearm.
 - Follow the manufacturer's guidelines for your specific firearm model.
4. **Install the New Barrel:**
 - Align the new AR308 Premium Series 6.5 Creedmoor Barrel with the receiver.
 - Secure the barrel using the specified torque settings as per the manufacturer's instructions.
5. **Check Alignment:** Verify that the barrel is properly aligned and secured.
6. **Reassemble the Firearm:** Reattach any components that were removed during the installation process.
7. **Final Inspection:** Conduct a thorough inspection of the firearm to ensure all parts are correctly installed and secure.

Usage Instructions

- Load the firearm only when you are ready to shoot.
- Always aim at a safe target and be aware of what is beyond it.
- Follow the recommended shooting procedures for the specific ammunition and rifle configuration.

- After shooting, clean the barrel and firearm to maintain optimal performance.

Disposal Instructions

- Dispose of any unused or expired ammunition in accordance with local regulations.
- When disposing of the barrel or any firearm components, consult local waste management guidelines to ensure safe and responsible disposal.
- Do not discard firearms or components in regular trash; seek out specialized disposal services if necessary.
