

BARRICADE STOPS M-LOK - MAGPUL BARRICADE STOP M-LOK FDE

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Hardware](#) > [Handguard Hardware](#)

The Magpul Barricade Stop is a rugged hand stop that allows the shooter to brace their firearm off barricades or field expedient shooting rests to create a stable platform for more accurate shots. The Barricade Stop is constructed of a polymer body and a textured, QPQ ferritic nitrocarburized steel plate insert for confident contact with your shooting rest. The metal plate is slightly curved for optimized contact on uneven surfaces and provides the ability to pivot your firearm while maintaining contact. It is also removable, allowing it to be replaced after wear. One polymer body, a textured metal insert, and 2 sets of M-LOK hardware are included. Compatible with octagonal M-LOK Handguards. Made in the USA. Hybrid Polymer and Metal Construction Replaceable textured steel face Corrosion-resistant metal hardware Dimensions: 1.77L x 1.03W x 1.2H in. (over rail surface)

Safety Instruction Guide for BARRICADE STOPS

MLOK MAGPUL BARRICADE STOP MLOK FDE

Introduction

Thank you for choosing the Magpul Barricade Stop. This product is designed to enhance your shooting experience by providing a stable platform for accurate shots. It is essential to follow the safety guidelines and instructions outlined in this guide to ensure safe usage and optimal performance.

General Safety Guidelines

- Always handle firearms with care and follow all safety protocols.
- Ensure that the Barricade Stop is securely attached to your firearm before use.
- Regularly inspect the Barricade Stop for any signs of wear or damage.
- Do not use the Barricade Stop if it is damaged or if the metal plate is excessively worn.
- Keep the Barricade Stop and your firearm out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that you are using the Barricade Stop in a safe and controlled environment.
- When using the Barricade Stop on uneven surfaces, be cautious of the pivoting action to avoid losing control of your firearm.
- Always wear appropriate protective gear, such as eye and ear protection, when shooting.
- Be aware of your surroundings and ensure that there is a safe backdrop before firing.
- Avoid using the Barricade Stop in adverse weather conditions that may affect grip or stability.

Instructions for Installation and Usage

Installation

1. **Gather Required Tools:** Ensure you have the necessary tools for installation, including appropriate screwdrivers and MLOK hardware.
2. **Position the Barricade Stop:** Decide where you want to attach the Barricade Stop on your MLOK handguard.
3. **Align the Hardware:** Align the MLOK hardware with the slots on the handguard.
4. **Secure the Barricade Stop:** Insert the screws and tighten them securely, ensuring that the Barricade Stop is firmly attached.
5. **Check Stability:** Before using, check that the Barricade Stop is stable and does not move.

Usage

- To use the Barricade Stop effectively, brace your firearm against a barricade or shooting rest.
- Maintain contact with the Barricade Stop while aiming and shooting for improved stability.
- If you need to pivot your firearm, do so gently while maintaining contact with the Barricade Stop.

Disposal Instructions

- Dispose of the Barricade Stop in accordance with local regulations.
- Do not dispose of the Barricade Stop in regular household waste if it is damaged or contains hazardous materials.
- Consider recycling the polymer and metal components if local facilities allow.

Contact Information for Further Support
