

INLINE SCOUT MOUNT FOR SUREFIRE SCOUT PRO - ARISAKA DEFENSE INLINE MOUNT FOR SUREFIRE SCOUT LIGHT PRO

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Mounts](#)

The Patent Pending Arisaka Inline Scout Pro Mount is designed specifically for the Surefire Scout Light Pro swivel bodies. This mount is a drop-in replacement for the OEM M-Lok mount, and allows for optimal positioning with lasers, plus can be used in a cantilever fashion off the end of the handguard for less barrel or suppressor shadow. The Patent Pending design features a triangular shape that resists twisting or bending. Compatible with the following Surefire Scout Light Pro models: M140A, M340C, M340V, M640DF, M640U, and M640V. Length: 3.0" Weight: 0.8 oz The mount is CNC machined from 6061-T651 aluminum and MIL-A-8625 Type III hard coat anodized. Recommended torque: 30 inch lbs for M-Lok screws with Loctite 222 or 243. Hardware: Two M-Lok nuts, two 10-24x3/8" hex cap head screws. Made in the USA.

Safety Instruction Guide for INLINE SCOUT MOUNT FOR SUREFIRE SCOUT PRO

Introduction

Thank you for purchasing the INLINE SCOUT MOUNT FOR SUREFIRE SCOUT PRO by Arisaka Defense. This guide provides essential safety information, installation instructions, and usage guidelines to ensure safe and effective use of the product. Please read this manual thoroughly before use.

General Safety Guidelines

- Always ensure that the mount is securely attached before use to prevent accidents.
- Regularly inspect the mount for any signs of wear, damage, or looseness.
- Ensure that the mount is compatible with your specific Surefire Scout Light Pro model.
- Keep the mount and all related components out of reach of children.
- If you experience any issues with the mount, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing the mount.
- Avoid placing your fingers near the mounting area during installation to prevent injury.
- Do not exceed the recommended torque of 30 inch lbs when tightening MLok screws.
- Use Loctite 222 or 243 to secure screws and prevent loosening during use.
- Be aware of your surroundings and ensure that the firearm is pointed in a safe direction at all times.

Instructions for Installation and Usage

1. Preparation

- Ensure that your firearm is unloaded and in a safe condition.
- Gather the necessary tools: a torque wrench and a hex key.

2. Installation Steps

- Locate the MLok slots on your handguard.
- Align the Arisaka Inline Scout Pro Mount with the desired MLok slot.
- Insert the MLok nuts into the slots and align them with the mount.
- Using the provided hex cap head screws, attach the mount to the handguard.
- Tighten the screws to a torque of 30 inch lbs using the torque wrench. Ensure Loctite 222 or 243 is applied to the screws before tightening.

3. Usage

- Once installed, attach your Surefire Scout Light Pro to the mount.
- Adjust the positioning of the light as needed for optimal performance.
- Regularly check the mount and light for stability during use.

Disposal Instructions

- Dispose of the mount and any packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.

Contact Information for Further Support

For any safety inquiries or support, please refer to the contact information provided on the product packaging or visit the manufacturer's website.
