

ELASTIC STRAP EXTENDER - SPIRITUS SYSTEMS ELASTIC STRAP EXTENDER COYOTE BROWN

[Home](#)

Elastic Strap Extender The Elastic Strap Extender was built to provide extra flex in the spiritus systems back strap when the wearer needs a wider range of motion during high intensity activities or wants to layer up/down without having to adjust the length of the strap. To install the Elastic Strap Extender, simply remove one of the male Fastex buckles from the Back Strap and replace it with the Elastic Strap Extender. NOTE: This is part of the Spiritus Systems Chest Rig System. This item does not include the chassis, shoulder straps, magazine inserts, or any other accessories. Note: This product may be shown with optional accessories. Made in the USA

Safety Instruction Guide for Elastic Strap Extender

Introduction

Thank you for choosing the Elastic Strap Extender from Spiritus Systems. This product is designed to enhance your range of motion during highintensity activities and to allow for easy adjustments when layering. It is important to understand how to use this product safely and effectively. This guide provides essential safety information and instructions to ensure your experience is both safe and enjoyable.

General Safety Guidelines

- Always inspect the Elastic Strap Extender before use for any signs of wear or damage.
- Ensure that the product is compatible with your existing Spiritus Systems gear.
- Follow all installation instructions carefully to avoid improper use.
- Keep this product out of reach of children to prevent accidental injury.
- If you experience any discomfort or if the product does not function as intended, discontinue use immediately.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the Elastic Strap Extender only for its intended purpose as described in this guide.
- Avoid using the product in wet or slippery conditions, as this may affect its performance.
- Do not modify or alter the Elastic Strap Extender or any of its components.
- Ensure that all buckles and straps are securely fastened before engaging in any physical activity.
- If you are using this product in conjunction with other gear, ensure that all components are compatible and securely attached.

Instructions for Installation and Usage

1. Installation of the Elastic Strap Extender:

- Remove one of the male Fastex buckles from your existing Back Strap.
- Take the Elastic Strap Extender and align it with the strap where the buckle was removed.
- Attach the Elastic Strap Extender by securely fastening it in place, ensuring that it is properly engaged.

2. Usage:

- Once installed, adjust the strap length as needed to achieve your desired fit.
- Test the flexibility of the strap extender before engaging in highintensity activities to ensure it meets your comfort and mobility needs.
- Always doublecheck that the strap is secure before use.

Disposal Instructions

- Dispose of the Elastic Strap Extender in accordance with local regulations.
- Do not dispose of this product in regular household waste if it contains any hazardous materials.
- Consider recycling the product if possible, or return it to the manufacturer for proper disposal.

Contact Information for Further Support

- For any safety inquiries or additional support, please contact the manufacturer directly. Ensure you have your product details ready for reference.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your enhanced range of motion with the Elastic Strap Extender!
