

# 34 ALPHA CHEST RIG - SPIRITUS SYSTEMS 34 ALPHA CHEST RIG COYOTE BROWN

[Shooting Accessories](#) > [Tactical Gear](#) > [Chest Rigs](#)

34 Alpha Chest Rig The 34 Alpha Chest Rig is a split chassis that will interface directly with the existing Spiritus Systems straps and pouches. This is a true blank-slate platform that enables load-carriage configuration options for weapon ammo of nearly any caliber, and when combined with the Spiritus Systems current Pouch Suite, the end user's options are near-limitless. The system is constructed to be as low-profile as possible to add minimal bulk to the finished split rig, letting the end-user configure a chest rig that does exactly what they need it to do on any given mission without added bulk or unused space. The system can be paired with a set of Micro Fight Fat Straps and Back Strap to create a complete platform for a wide range of load bearing configurations. The panels are built with Squadron MOLLE front faces and elastic cells on the back for extra storage. The bottom of each 34 Alpha Panel also has a Velcro slot to mount hanger pouches. The chest rig panels are connected via two sliding Fastex buckles that provide a secure connection point, as well as quick, one-handed, opening and closing when engaging in activities that may require an open front configuration (i.e. going into the prone). They also allow for micro adjustments at the front without having to modify the width of the back strap. Each panel features six columns of MOLLE on the front and is compatible with all of Spiritus' GP Pouches, our SPUD Pouch, the Liberty Dynamic Flash Bang Pouch, the JSTA Pouch, and Nalgene Water Bottle Pouch. The top of the panel is built with integrated anchor point holes that give the wearer a secure solution for internal magazine retention when combined with our bungee retention kit, or to tie down secure items stored on the chest rig pouches. The internal elastic cells in the back are sewn in at three different widths to accommodate a wide range of items ranging from pistol magazines and multi-tools, all the way to 7.62 rifle mags and more. When assembled, the 34 Alpha Split Rig gives end-users access to a load bearing solution that will support a wide range of weapon platforms, mission profiles, and loadouts. NOTE: This is part of the Spiritus Systems Chest Rig System. This item does not include the chassis, shoulder straps, magazine inserts, or any other accessories. Note: This product may be shown with optional accessories. Made in the USA

## Attributes

- Name: [SPIRITUS SYSTEMS 34 ALPHA CHEST RIG COYOTE BROWN](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430104641
- Mfr. No.: CR-AL-CB
- Colour: Coyote Brown
- Delivery weight: 0.346kg
- Shipping height: 25mm
- Shipping width: 216mm
- Shipping length: 305mm

# 34 Alpha Chest Rig Safety Instruction Guide

## Introduction

Thank you for choosing the 34 Alpha Chest Rig by Spiritus Systems. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your chest rig. Please read this document carefully before use.

## General Safety Guidelines

- **Product Safety:** Ensure that you are familiar with all safety instructions before using the chest rig. This product is designed for loadbearing configurations and should be used as intended.
- **Enhanced Recalls:** Stay informed about any safety recalls or updates related to this product. You can check the EU Safety Gate platform for the latest information.
- **Online Shopping:** If you purchased this product online, ensure that the retailer complies with EU safety regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please contact the designated EUbased contact for this product.
- **Rapid Alerts:** Be aware of the Safety Gate system, which provides updates on unsafe products.

## Specific Safety Precautions for Use

- **Proper Fit:** Ensure the chest rig is properly fitted before use. Loose or improperly adjusted straps may lead to accidents.
- **Weight Distribution:** Distribute weight evenly across the rig to avoid strain or injury.
- **Avoid Overloading:** Do not exceed the recommended load capacity of the chest rig. Overloading can compromise safety and functionality.
- **Check for Wear and Tear:** Regularly inspect the rig for any signs of damage or wear. Replace any damaged components immediately.
- **Secure Attachments:** Ensure all pouches and accessories are securely attached before use to prevent accidental detachment during activities.
- **Use in Safe Environments:** Avoid using the chest rig in hazardous environments where it may become a liability.

## Instructions for Installation and Usage

- **Assembly:** Follow these steps to assemble your 34 Alpha Chest Rig:
  1. Attach the shoulder straps to the designated anchor points on the chest rig.
  2. Adjust the straps to fit comfortably and securely around your shoulders.
  3. Connect the two panels using the sliding Fastex buckles, ensuring a secure fit.
  4. If using additional pouches or accessories, attach them to the MOLLE panels as needed.
- **Adjustments:** Make microadjustments to the front straps for a personalized fit without altering the back strap width.
- **Loading:** Load pouches with equipment such as magazines or tools. Ensure items are secured and do not exceed the weight limit.
- **Storage:** When not in use, store the chest rig in a cool, dry place away from direct sunlight to prevent material degradation.

## Disposal Instructions

- **Environmental Responsibility:** Dispose of the chest rig and any attachments responsibly. Check local regulations for proper disposal methods.

- **Recycling:** If possible, recycle materials according to local guidelines to minimize environmental impact.

## Contact Information for Further Support

For any further questions or support regarding the 34 Alpha Chest Rig, please refer to the designated EUbased contact for this product.
