

# OTB SACK POUCH - SPIRITUS SYSTEMS OTB SACK POUCH MK2 COYOTE BROWN

[Shooting Accessories](#) > [Duty Gear](#) > [Pouches](#)

OTB SACK Pouch Over The Beach Operations are some of the most challenging and miserable operations that service members must endure. Spiritus Systems is proud to bring a suite of products that directly result in improved load carriage and soldier survival during sea-borne operations. The OTB product line is built with a mesh material, which allows for quick drainage of water and sea-borne debris such as sand. OTB products will dry faster after exiting the water and will drain water more efficiently as well. The mesh also makes the products simple to clean using fresh water after conducting operations in salt environments. The Sub Abdominal Carrying Kit or "SACK" is the most versatile tactical "fanny pack" on the market. It was designed to make critical equipment easy to access from both sides or when in a confined space like a vehicle. The pouch features a half zip design, which means that your equipment will not easily fall out of the pouch even if the zipper is left unsecured. The OTB Sack Pouch features a mesh segment at the bottom, which assists with drainage. The front of the pouch features a small zippered stash pocket that is constructed using a durable material, perfect for easy access to small items. The bottom of the pouch features two elastic loops that can be adjusted to hold a tourniquet or other equipment that you may need to rapidly deploy. If bottom carry doesn't fit your mission needs, you can easily remove and reinstall the loops as necessary. The inside features soft hook & loop on both sides, making the pouch very dynamic and allowing you to use our Velcro Insert Suite to fit your requirements. It also features two slide-locks that make it easy to adjust the tension of the elastic loops hanging below, as well as two tie-down loops for securing sensitive equipment. The two grommet holes on the bottom aid with drainage if submersion occurs. The SACK is designed to fit onto the bottom of Spiritus' Micro Fight Chest Rig, or any other plate carrier or rig that accommodates standard hook and loop, making it a versatile choice for those who frequently change load-outs. Simply pull it off one kit and add it to another. Some images shown with optional accessories, sold separately. Hook & loop attachment measures 7"x 4". NOTE: This is a component of a Spiritus Systems OTB (Over The Beach) LV/119 Plate Carrier build. To build the complete plate carrier that this pouch is compatible with, you will need to select at least one of each of these items: Spiritus Systems OTB Front Plate Bag Spiritus Systems OTB Rear Plate Bag Spiritus Systems OTB Tri Fold Shoulder Covers Spiritus Systems Cumberbund Set

# Safety Instruction Guide for OTB SACK Pouch by Spiritus Systems

## Introduction

Thank you for choosing the OTB SACK Pouch from Spiritus Systems. This product is designed to enhance your operational capabilities during Over The Beach (OTB) missions. It is essential to understand how to use this product safely and effectively. This guide provides important safety instructions, general guidelines, and specific precautions to ensure your safety while using the OTB SACK Pouch.

## General Safety Guidelines

- **Product Safety:** Ensure that you are familiar with the OTB SACK Pouch and its intended use. Follow all safety instructions provided in this guide to minimize risks.
- **Enhanced Recalls:** Regularly check for any recall notices related to the OTB SACK Pouch. If a recall occurs, follow the instructions provided for returning or exchanging the product.
- **Online Shopping:** When purchasing the OTB SACK Pouch online, ensure that the platform complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors to avoid any potential hazards.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Stay informed about any updates on product safety by checking the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Avoid Overloading:** Do not exceed the recommended load capacity of the pouch. Overloading may lead to damage or failure during use.
- **Check for Damage:** Before each use, inspect the pouch for any signs of wear or damage. Do not use if any damage is detected.
- **Secure Closure:** Ensure that the zipper and all closures are securely fastened before use to prevent items from falling out.
- **Proper Attachment:** When attaching the pouch to your gear, ensure that it is securely fastened to avoid accidental detachment.
- **Environmental Considerations:** Be mindful of the environment in which you are operating. The pouch is designed for use in marine and rugged environments, but avoid exposing it to extreme conditions that may compromise its integrity.

## Instructions for Installation and Usage

### 1. Installation:

- Identify the appropriate attachment points on your gear (e.g., Micro Fight Chest Rig or plate carrier).
- Align the hook and loop attachment on the back of the pouch with the corresponding area on your gear.
- Press firmly to ensure a secure attachment.

### 2. Usage:

- To access the contents, unzip the pouch using the half zip design.
- Utilize the zippered stash pocket for small items that require quick access.

- Adjust the elastic loops as needed to hold items securely, such as a tourniquet.
- Use the soft hook & loop interior to customize the pouch with compatible inserts.

### **3. Maintenance:**

- After use in saltwater or sandy environments, rinse the pouch with fresh water to remove debris.
- Allow the pouch to air dry completely before storing it away.

## **Disposal Instructions**

- Dispose of the OTB SACK Pouch in accordance with local regulations regarding textile and plastic waste.
- If the pouch is damaged beyond repair, consider recycling the materials if possible.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please consult the retailer or manufacturer from whom you purchased the OTB SACK Pouch. They can provide the necessary assistance regarding product safety and usage.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your OTB SACK Pouch. Thank you for your attention to safety and for choosing Spiritus Systems.
