

# DELTA BAG - SPIRITUS SYSTEMS DELTA BAG BLACK

[Emergency & Survival Gear](#) > [Backpacks & Bags](#) > [Backpacks](#)

The Delta Bag is a compact, assault medic bag that is designed to be worn over a plate carrier and hold a wide variety of medical supplies and equipment. The front of the bag is divided into three uniformly sized compartments with diagonal zipper access that enables the end user to quickly access the entire pocket without having to reposition any of its contents. The unique configuration also aids in passive retention of gear when the compartment is opened. The main compartment of the Delta Bag is a clamshell design with two full fields of loop that can accept any hookbacked accessories (including the entire line of Spiritus Systems utility inserts, and other 3rd party products). The bag can be transported with the clamshell in the open position from location to location using the integrated briefcase handles, and provides an intuitive workstation when emergency medical care is being administered. The back side of the pack features two slim compartments for keeping flat-pack items secure and damage free, and keeps the pack close to the body when worn. The included straps for the delta bag are removable and replaceable with any 3rd party straps that attach with 1" webbing. The bag features four sewn-in metal tri-glide mounting points for strap integration. The Delta bag features mesh and metal eyelets in key locations for full water drainage capability, and is designed to remain effective and accessible in austere environments.

## Attributes

- Name: [SPIRITUS SYSTEMS DELTA BAG BLACK](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430104962
- Mfr. No.: BU-DB-BK

# Delta Bag Safety Instructions

## Introduction

Thank you for choosing the Delta Bag by Spiritus Systems. This compact assault medic bag is designed for efficient medical supply storage and easy access during emergencies. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the Delta Bag is used only for its intended purpose as a medical supply carrier.
- Regularly inspect the bag for any signs of wear or damage before each use.
- Keep the bag out of reach of children when not in use.
- Be aware of your surroundings when using the bag in emergency situations.
- Follow all local regulations regarding the carrying and usage of medical supplies.

## Specific Safety Precautions for Use

- **Proper Loading:** Do not overload the bag beyond its intended capacity as this may compromise its structural integrity.
- **Zipper Use:** When opening or closing the zippers, ensure that no items are caught in the zipper mechanism to prevent damage to the bag or its contents.
- **Strap Adjustment:** Ensure that straps are securely attached before use. Check the triglide mounting points for any signs of wear.
- **Water Drainage:** The Delta Bag features drainage eyelets; ensure these are not blocked to maintain water drainage capability.
- **Emergency Use:** When using the bag in an emergency, prioritize quick access to medical supplies. Familiarize yourself with the bag's layout beforehand.

## Instructions for Installation and Usage

### 1. Initial Setup:

- Remove any packaging materials from the Delta Bag.
- Inspect the bag for any visible damage. If damage is found, do not use the bag and contact customer support.

### 2. Loading Supplies:

- Open the clamshell design of the main compartment.
- Organize medical supplies in the three front compartments for quick access.
- Use hookbacked accessories to secure items in the main compartment's loop fields.

### 3. Carrying the Bag:

- Use the integrated briefcase handles for transport. Ensure they are securely attached.
- Adjust the straps as needed for comfort and security, using the provided triglide mounting points.

### 4. In Use:

- When providing medical care, keep the bag open for easy access to supplies.
- Ensure that the bag remains stable and close to your body while in use.

### 5. PostUse Care:

- After use, clean the bag with a damp cloth to remove any dirt or debris.
- Store the bag in a dry, cool place when not in use.

## **Disposal Instructions**

- The Delta Bag is made from durable materials; however, when it reaches the end of its life, dispose of the bag in accordance with local regulations for fabric and plastic waste.
- If the bag contains any medical supplies that are expired or no longer needed, dispose of them according to local medical waste disposal guidelines.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the Delta Bag, please refer to the manufacturer's website or contact the customer service department directly. It is important to have any questions or concerns addressed promptly.

## **Conclusion**

The Delta Bag is designed to provide a reliable and efficient means of carrying medical supplies. By following these safety instructions, you can ensure that you use the bag safely and effectively. Thank you for your attention to these guidelines. Stay safe!
