

# DELTA BAG - SPIRITUS SYSTEMS DELTA BAG MULTICAM BLACK

[Emergency & Survival Gear](#) > [Backpacks & Bags](#) > [Backpacks](#)

The Delta Bag is a compact, assault medic bag that is designed to be worn over a plate carrier and hold a wide variety of medical supplies and equipment. The front of the bag is divided into three uniformly sized compartments with diagonal zipper access that enables the end user to quickly access the entire pocket without having to reposition any of its contents. The unique configuration also aids in passive retention of gear when the compartment is opened. The main compartment of the Delta Bag is a clamshell design with two full fields of loop that can accept any hookbacked accessories (including the entire line of Spiritus Systems utility inserts, and other 3rd party products). The bag can be transported with the clamshell in the open position from location to location using the integrated briefcase handles, and provides an intuitive workstation when emergency medical care is being administered. The back side of the pack features two slim compartments for keeping flat-pack items secure and damage free, and keeps the pack close to the body when worn. The included straps for the delta bag are removable and replaceable with any 3rd party straps that attach with 1" webbing. The bag features four sewn-in metal tri-glide mounting points for strap integration. The Delta bag features mesh and metal eyelets in key locations for full water drainage capability, and is designed to remain effective and accessible in austere environments.

## Attributes

- Name: [SPIRITUS SYSTEMS DELTA BAG MULTICAM BLACK](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430104965
- Mfr. No.: BU-DB-MB

# Delta Bag Safety Instruction Guide

## Introduction

Thank you for choosing the Delta Bag by Spiritus Systems. This guide provides essential safety instructions and recommendations to ensure safe usage of your Delta Bag. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the Delta Bag is used only for its intended purpose as a compact, assault medic bag.
- Regularly inspect the bag for any signs of wear, damage, or malfunction before each use.
- Do not overload the bag beyond its intended capacity, as this may affect its performance and safety.
- Keep the bag away from extreme temperatures, moisture, and direct sunlight to maintain its integrity.
- Ensure that all compartments are securely closed during transport to prevent accidental opening and loss of contents.
- Always keep the bag out of reach of children when not in use.

## Specific Safety Precautions for Use

- When wearing the Delta Bag, ensure that it is securely fastened to your plate carrier to prevent shifting during movement.
- Avoid using the bag in situations that may expose it to sharp objects or hazardous materials that could cause damage.
- When accessing the compartments, do so carefully to avoid any injury from the zippers or other components.
- Be mindful of the weight distribution when carrying the bag, as improper balance may lead to strain or injury.
- If using thirdparty straps, ensure they are compatible and securely attached to the bag's mounting points.

## Instructions for Installation and Usage

### 1. Attachment to Plate Carrier:

- Align the Delta Bag with the plate carrier's attachment points.
- Securely fasten the included straps or compatible thirdparty straps to the mounting points.
- Adjust the straps for a snug fit to ensure stability during movement.

### 2. Accessing Medical Supplies:

- To access the front compartments, unzip the diagonal zippers carefully.
- Retrieve the necessary medical supplies while ensuring that other items remain securely in place.
- Close the zippers after use to maintain the bag's structure and prevent loss of contents.

### 3. Transporting the Bag:

- When moving the bag, utilize the integrated briefcase handles for ease of transport.
- If needed, keep the clamshell design open to facilitate quick access to supplies during emergencies.
- Ensure that the bag is securely held to avoid dropping or losing it during transport.

### 4. Maintaining the Bag:

- Clean the exterior of the bag with a damp cloth as needed. Avoid using harsh chemicals that may damage the material.
- Store the bag in a cool, dry place when not in use to prevent mold or mildew growth.

## Disposal Instructions

- Dispose of the Delta Bag in accordance with local regulations for textile and plastic waste.
- If the bag is no longer usable, consider recycling the materials where possible.
- Do not incinerate the bag, as it may release harmful substances.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Delta Bag, please consult the appropriate EUbased contact point or visit the EU Safety Gate platform for updates on product safety and recalls.

Thank you for prioritizing safety while using the Delta Bag. Your adherence to these guidelines will help ensure a secure and effective experience.
