

FAT STRAP MK4 - SPIRITUS SYSTEMS FAT STRAP MK4 COYOTE BROWN

[Home](#)

The Fat Strap MK4 is a universal H-harness solution designed to work with the Micro Fight Chassis, 34 A Split Chest Rig, and Thing 2 expansion chassis. This reduced profile design now includes an updated Squadron overlay panel with more horizontal mounting points for PTTs and other equipment, as well as shock cord holes for mounting other kit. A loop field patch on the back completes the Straps for placement of name tapes or IR Markers. Brilliance in the Basics means that we constructed these without complicated yoke systems or unnecessary features. The Fat Strap MK4 is a single strap. You do NOT need to order two to complete your Micro Fight or 34A Split Chest Rig. You only need to order ONE. NOTE: The FAT STRAP is part of our Micro Fight and 34A Chest Rig Systems. This item does not include the chassis, back strap, magazine inserts, or any other accessories. Some images are shown with optional accessories, sold separately.

Safety Instruction Guide for FAT STRAP MK4 SPIRITUS SYSTEMS

Introduction

Thank you for choosing the FAT STRAP MK4 by SPIRITUS SYSTEMS. This product is designed to enhance your tactical gear experience by providing a reliable and versatile Hharness solution. It is essential to follow the safety guidelines outlined in this document to ensure safe usage and optimal performance.

General Safety Guidelines

- Ensure that the product is used according to the manufacturer's instructions.
- Inspect the FAT STRAP MK4 before each use for any signs of wear, damage, or malfunction.
- Do not use the product if any components are damaged or missing.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that the FAT STRAP MK4 is securely fastened before engaging in any activities.
- Avoid using the product in extreme conditions (e.g., severe weather, extreme temperatures) that may affect its performance.
- Do not overload the harness with excessive weight, as this may compromise its integrity and safety.
- Be cautious when using the harness with other equipment to avoid entanglement or injury.
- Follow all local regulations and guidelines regarding the use of tactical gear.

Instructions for Installation and Usage

1. Installation:

- Ensure you have all components of the FAT STRAP MK4 before starting the installation.
- Attach the harness to the Micro Fight Chassis or 34 A Split Chest Rig by following the manufacturer's instructions.
- Adjust the straps for a secure and comfortable fit, ensuring that they do not restrict movement or circulation.

2. Usage:

- Always wear the FAT STRAP MK4 as intended, ensuring that it is properly adjusted to your body size.
- Use the updated Squadron overlay panel to attach PTTs and other equipment securely.
- Utilize the shock cord holes for mounting additional gear as needed.
- Place name tapes or IR markers on the loop field patch located on the back of the straps.

Disposal Instructions

- Dispose of the FAT STRAP MK4 in accordance with local waste disposal regulations.
- Do not incinerate or expose the product to extreme heat, as this may release harmful substances.
- If the product is damaged beyond repair, consider recycling materials where possible.

Contact Information for Further Support

For any questions or concerns regarding the FAT STRAP MK4 or safetyrelated inquiries, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your FAT STRAP MK4!
