

# BRN-4 STRIPPED BARRELS CHROME LINED - BRN-4 5.56X45 13.7" MEDIUM CHROME LINED BARREL, PHOSPHATE

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Brownells BRN-4 HK® 416 compatible barrels, available in a variety of lengths and two contours. Historically extremely hard to procure, HK® 416 compatible barrels are now available as part of the BRN-4 lineup. These barrels machined by Faxon, fit early generations of HK® 416 upper receivers and components. They are the perfect fit with the BRN-4 bolt carrier group and gas block (search "BRN-4" for all parts). Available in common barrel lengths of 10.4, 14.5 and 16 inch, these barrels are suitable for any need. You can select the classic "heavy" profile, which is similar to the profile found on earlier HK® 416 models, ensuring barrel rigidity with minimal flex, or you can pick the new "medium" profile, which saves weight and makes the rifle quite handy. Barrels are button rifled with a 1-7 twist and have commonly used 1/2-28 muzzle threads for the attachment of the muzzle device of your choice. A deep black nitride finish provides an extremely hard exterior and interior, that is easy to clean. The longer barrel extension of the BRN-4 allows for a robust matchup to the upper receiver, and a simple install with the BRN-4 barrel nut (430-100-141). 5.56x45mm NATO chamberings allow for a wide variety of commercially found ammunition to function, as well as 223 Remington cartridges. No need to worry about picking the right gas system length, as all of these barrels have the same piston rod assembly (078-000-644), just be sure to pick the correct BRN-4 gas block to match your overall barrel length, (078-000-708 & 078-000-709). Be sure to pick up the gas block coil pins for final assembly as well (430-103-127). Recommended Barrel Nut Torque: 50-80 ft/lbs

## Attributes

- Name: [BRN-4 5.56X45 13.7" MEDIUM CHROME LINED BARREL, PHOSPHATE](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 430105150
- Mfr. No.: BN-BRN4556-CLMP-13.7M
- Cartridge: 5.56 x 45
- Contour: Medium
- Finish: Steel
- Gas System Length: -
- Length: 13.7"
- Make: Brownells, Heckler & Koch
- Model: BRN-4, HK416
- Muzzle Threads: 1/2-28
- Twist: 1-7
- Delivery weight: 0.59kg
- Shipping height: 25mm
- Shipping width: 32mm
- Shipping length: 375mm
- UPC: 050806500815

# Safety Instruction Guide for BRN4 Stripped Barrels

## Introduction

Thank you for choosing the BRN4 Stripped Barrels. This guide is designed to provide important safety information and instructions for the proper use and maintenance of your barrel. Please read this document carefully to ensure safe handling and optimal performance.

## General Safety Guidelines

- Always treat your firearm and its components as if they are loaded.
- Keep firearms and ammunition out of reach of children and unauthorized users.
- Wear appropriate safety gear, including eye protection, when handling firearms.
- Ensure that you are familiar with local laws and regulations regarding firearms and their components.
- Regularly check for any signs of wear or damage to your barrel before use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Only use ammunition that is compatible with the 5.56 x 45 caliber specifications.
- Ensure that the barrel is properly installed and secured before use.
- Do not exceed the recommended torque specifications for the barrel nut (5080 ft/lbs).
- Be aware of the muzzle threads (1/228) for proper attachment of muzzle devices.
- Avoid using the barrel with incompatible gas systems or components.
- Inspect the barrel for any obstructions before firing.

## Instructions for Installation and Usage

### 1. Installation of the Barrel:

- Ensure that the firearm is unloaded and safe to work on.
- Remove the existing barrel from the upper receiver if applicable.
- Align the BRN4 barrel with the upper receiver, ensuring that the barrel extension fits snugly.
- Secure the barrel using the BRN4 barrel nut. Tighten to the recommended torque specifications (5080 ft/lbs) using a torque wrench.
- Install the gas block and ensure it is properly aligned with the gas port on the barrel.

### 2. Usage of the Barrel:

- Load the firearm with compatible ammunition (5.56 x 45 or .223 Remington).
- Ensure that the gas system is properly configured for the barrel length you are using.
- Fire the firearm in a safe and controlled environment, following all standard firearm safety practices.

### 3. PostUsage Maintenance:

- After use, clean the barrel according to the manufacturer's recommendations.
- Inspect for any signs of wear, damage, or fouling. Address any issues before the next use.

## **Disposal Instructions**

- Dispose of any damaged or worn barrels in accordance with local regulations.
- Follow proper procedures for the disposal of firearms and components to ensure safety and compliance with applicable laws.

## **Contact Information for Further Support**

For any questions or concerns regarding the BRN4 Stripped Barrels, please refer to the manufacturer's website or contact their customer support for assistance.

Thank you for your attention to these safety guidelines. Enjoy using your BRN4 Stripped Barrels responsibly and safely!
