

BRN-4 STRIPPED BARRELS CHROME LINED - BRN-4 5.56X45 NATO 16" MEDIUM CHROME LINED BARREL, PHOSPHATE

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Brownells BRN-4 HK® 416 compatible barrels, available in a variety of lengths and two contours. Historically extremely hard to procure, HK® 416 compatible barrels are now available as part of the BRN-4 lineup. These barrels machined by Faxon, fit early generations of HK® 416 upper receivers and components. They are the perfect fit with the BRN-4 bolt carrier group and gas block (search "BRN-4" for all parts). Available in common barrel lengths of 10.4, 14.5 and 16 inch, these barrels are suitable for any need. You can select the classic "heavy" profile, which is similar to the profile found on earlier HK® 416 models, ensuring barrel rigidity with minimal flex, or you can pick the new "medium" profile, which saves weight and makes the rifle quite handy. Barrels are button rifled with a 1-7 twist and have commonly used 1/2-28 muzzle threads for the attachment of the muzzle device of your choice. A deep black nitride finish provides an extremely hard exterior and interior, that is easy to clean. The longer barrel extension of the BRN-4 allows for a robust matchup to the upper receiver, and a simple install with the BRN-4 barrel nut (430-100-141). 5.56x45mm NATO chamberings allow for a wide variety of commercially found ammunition to function, as well as 223 Remington cartridges. No need to worry about picking the right gas system length, as all of these barrels have the same piston rod assembly (078-000-644), just be sure to pick the correct BRN-4 gas block to match your overall barrel length, (078-000-708 & 078-000-709). Be sure to pick up the gas block coil pins for final assembly as well (430-103-127). Recommended Barrel Nut Torque: 50-80 ft/lbs

Attributes

- Name: [BRN-4 5.56X45 NATO 16" MEDIUM CHROME LINED BARREL, PHOSPHATE](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 430105151
- Mfr. No.: BN-BRN4556-CLMP-16M
- Cartridge: 5.56 x 45
- Contour: Medium
- Finish: Steel
- Gas System Length: -
- Length: 16"
- Make: Heckler & Koch, Brownells
- Model: BRN-4, HK416
- Muzzle Threads: 1/2-28
- Twist: 1-7
- Delivery weight: 0.649kg

Safety Instruction Guide for BRN4 Stripped Barrels

Introduction

Thank you for choosing the BRN4 Stripped Barrels. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always handle the barrel in a safe manner, treating it as a firearm component.
- Keep the barrel away from children and unauthorized users.
- Regularly inspect the barrel for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm components and usage.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when handling or firing a firearm equipped with this barrel.
- Ensure that the firearm is unloaded and the chamber is clear before installation or maintenance.
- Use only ammunition that is compatible with the 5.56x45mm NATO chambering.
- Be aware of the potential for overheating during extended firing sessions; allow the barrel to cool as needed.
- Do not modify the barrel or its components in any way that could affect safety or performance.
- If you experience any malfunctions or unusual behavior during use, cease operation immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components, including the BRN4 barrel nut and gas block.
- Ensure you have a clean and well-lit workspace.

2. Installation:

- Remove the existing barrel from the upper receiver according to the manufacturer's instructions.
- Align the BRN4 barrel with the upper receiver, ensuring that the barrel extension fits securely.
- Attach the barrel nut (part number 430100141) and tighten to the recommended torque of 5080 ft/lbs.
- Install the gas block (choose the correct type based on your barrel length) and ensure proper alignment with the gas port.
- Secure the gas block using the gas block coil pins (part number 430103127) as recommended.

3. Usage:

- Load the firearm with compatible ammunition only.
- Conduct a function check to ensure proper operation before firing.
- Always follow safe firearm handling practices while shooting.

Disposal Instructions

- Dispose of the barrel and any associated components in accordance with local regulations.
- Do not dispose of the barrel in regular household waste. Instead, contact local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the BRN4 Stripped Barrels, please refer to the manufacturer's contact information provided with your product. You can also seek assistance from qualified professionals in firearm safety and maintenance.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your BRN4 Stripped Barrels. Thank you for your attention to safety.
