

# AK ADJUSTABLE GAS PISTON - KNS PRECISION ADJUSTABLE GAS PISTON SYSTEM GALIL ACE RIFLESMALL BORE

[Rifle Parts](#) > [Gas System Parts](#) > [Gas Pistons](#)

## Control Your Overgassed AK-style Rifle

The AK platform, though renowned for its reliability and durability in battlefield conditions, has a well-known flaw: its gas system is hugely overgassed.

Luckily, the market stepped up to provide a solution in the form of the KNS Precision AK Adjustable Gas Piston. How do you know if your AK-style rifle needs better gas regulation? Head to the range, fire a few rounds and see how far your brass ejects. If it's hitting the ground more than 15 feet away, then you need the KNS Precision AK Adjustable Gas Piston. This setup helps to reduce wear on the gun, providing for a longer operating life. Uses existing gas block Small-caliber piston designed for .223 Rem., 5.56 NATO and 5.45x39mm Large-caliber piston designed for 7.62x39mm, .308 Win., and 7.62x54R. Fits AKM, AK-74, VEPR, PSL and M92 rifles. Each KNS Precision AK Adjustable Gas Piston can be installed without the use of a gunsmith in the space of 10 minutes, ensuring you can get back onto the range with little downtime.

\* Vepr and Saiga Pistons will require drilling through the op-rod after screwing the piston into the carrier, due to variations in the staking location. These Op-Rods are Phosphated instead of Nitrided to allow easy drilling.\*

## Attributes

- Name: [KNS PRECISION ADJUSTABLE GAS PISTON SYSTEM GALIL ACE RIFLESMALL BORE](#)
- Manufacturer: [KNS PRECISION](#)
- Product no.: 430105253
- Mfr. No.: AGP-A-8
- Make: -
- Model Number: Galil Ace
- Delivery weight: 0.159kg
- Shipping height: 13mm
- Shipping width: 102mm
- Shipping length: 279mm
- UPC: 853906008270

## Item details

Made in USA

US export classification: 0A501.c

# AK Adjustable Gas Piston Safety Instruction Guide

## Introduction

Thank you for choosing the AK Adjustable Gas Piston by KNS Precision. This guide provides essential safety instructions and guidelines for the proper use and maintenance of your gas piston system, ensuring a safe and effective experience. Please read this manual carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only with compatible firearms as specified in the product description.
- Always treat your firearm as if it is loaded and handle it with care.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect your firearm and the gas piston for any signs of wear or damage.
- Use appropriate protective gear, including eye and ear protection, when operating your firearm.
- Follow all local laws and regulations regarding firearm use and modifications.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the KNS Precision AK Adjustable Gas Piston with firearms that are compatible, such as:
  - AKM
  - AK74
  - VEPR
  - PSL
  - M92 rifles
- Ensure that the gas piston is installed correctly to prevent malfunction or injury.
- Avoid using ammunition types that are not specified for use with this gas piston to prevent excessive wear or damage.
- Do not exceed the recommended gas settings for your firearm, as this may lead to malfunctions or safety hazards.
- Always ensure that the firearm is pointed in a safe direction when firing.
- If you experience any malfunctions or unusual behavior while using your firearm, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation Instructions:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing gas piston from your firearm following the manufacturer's instructions.
- Take the KNS Precision AK Adjustable Gas Piston and align it with the gas block.
- Insert the gas piston into the gas block until it is securely in place.
- Adjust the gas settings according to your ammunition type and desired performance.
- Test the installation by firing a few rounds at the range to ensure proper function.

### 2. Usage Instructions:

- After installation, ensure that the gas piston is functioning correctly before regular use.
- Monitor the ejection pattern of spent casings. If they are ejecting more than 15 feet away, consider adjusting the gas settings.

- Regularly clean and maintain both the gas piston and the firearm to ensure longevity and reliability.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for hazardous materials.
- Do not dispose of the gas piston in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## Contact Information for Further Support

For any inquiries regarding safety, installation, or performance of the KNS Precision AK Adjustable Gas Piston, please consult your local firearms dealer or a qualified gunsmith.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Enjoy your shooting experience responsibly!
