The Strike Industries Extended Magazine Plate for Taurus G3 was designed to provide smoother magazine reloading through a slow drag / no snag design while maintaining maximum magazine capacity. The Extended Magazine Plate (EMP) adds plus 5 9mm rounds to OEM Taurus magazines. Following the success of the EMP systems for pistols, the form factor and unique geometric design gives a unified and aggressive aesthetic look to your Taurus G3. Included is a steel locking plate which adds extra locking security. Give your Taurus pistol the extra rounds it deserves with the Strike Industries Extended Magazine Plate (EMP) for Taurus G3. **WARNING: DO NOT OVERTIGHTEN** set screw when installing the steel locking plate. Steel locking plate may appear "loose" however when the set screw is flush with the back of the EMP body, you do not have to tighten any more. Overtightening from this point on will potentially damage your product. See instructional video for proper installation of item. If you are unsure, please contact our customer support team or consult with your local gunsmith. Safety Instruction Guide for the Strike Industries Extended Magazine Plate for Taurus G3

Introduction

Thank you for choosing the Strike Industries Extended Magazine Plate (EMP) for your Taurus G3. This guide is designed to provide you with essential safety instructions and information to ensure the safe and effective use of this product. Please read through this guide carefully before using the EMP.

General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the manufacturer's instructions.
- Always handle firearms and related accessories responsibly and in compliance with local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage. If any issues are found, discontinue use immediately.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

• Installation Warnings:

- Do not overtighten the set screw when installing the steel locking plate. Overtightening may cause damage to the product.
- Ensure that the set screw is flush with the back of the EMP body to avoid unnecessary tightening.

• Compatibility:

- The EMP is designed for use with Taurus G3 (15round) magazines only.
- It is NOT compatible with Taurus G3 17round magazines, Taurus G3c, or G2c 10round magazines.

• Legal Compliance:

- This product is not for sale to California residents due to state laws limiting magazine capacity to 10 rounds. Ensure compliance with local gun laws before purchasing.

• Health Warning:

- This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, visit www.P65Warnings.ca.gov.

Instructions for Installation and Usage

1. Gather Required Tools:

- Hex tool (included)
- Steel locking plate set screw (M4x0.07, included)

2. Installation Steps:

- Remove the existing magazine base plate from your Taurus G3 magazine.

- Align the Extended Magazine Plate (EMP) with the magazine, ensuring it fits securely.
- Insert the steel locking plate into the designated slot on the EMP.
- Use the hex tool to insert the set screw into the locking plate.
- Tighten the set screw until it is flush with the back of the EMP body. Do not overtighten.

3. Usage:

- The EMP increases the magazine capacity by 5 rounds for 9mm ammunition.
- Ensure that the magazine is properly loaded and seated in the firearm before use.

4. PostInstallation Inspection:

- Check the stability of the EMP and the locking plate. If the locking plate appears loose, ensure the set screw is properly tightened (without overtightening).

Disposal Instructions

- Dispose of the product in accordance with local regulations for hazardous materials.
- Do not dispose of the product in regular household waste. Contact local waste management for guidance on proper disposal methods.
