

# X-COMP THREAD PROTECTOR M18x1 RH - STRIKE INDUSTRIES X-COMP THREAD PROTECTOR FOR M18X1 RH

[Rifle Parts](#) > [Muzzle Devices](#) > [Thread Protectors](#)

The Strike X-Comp Thread Protector for M18x1 RH is specially made to work on a CZ Scorpion EVO using the CZ click stop latch found on the factory muzzle brake when using the CZ OEM handguard. This thread protector includes a Strike Industries Jam Nut in M18x1 RH thread to give you an easier way to assist in the installation and timing of a muzzle device without the CZ click stop latch when an aftermarket Scorpion handguard is used. Direct thread onto the M18x1 RH barrel thread retaining nut, this thread protector helps protect the crown and threads of the barrel. Whether you are deciding on a muzzle brake or not using your suppressor for transportation and storage, the Strike X-Comp Thread Protector performs a valuable function without sacrificing the looks. The Strike X-Comp Thread Protector is SI OPRESSOR compatible and when paired with available Strike X-Comp Thread Adapter Kits (sold separately) to be used with other threaded barrels and is multi-caliber with 9mm, .223, 5.56, .308 and 7.62. For use with a Kalashnikov USA™ KP-9, purchase the Strike X-Comp Thread Adapter Kit (1/2"-28 TPI - M18x1 RH) (sold separately) and this Mini Cookie Cutter 02 can be used with the AK detent notch on the KP-9. For those with a SIG SAUER® MPX, purchase the Strike X-Comp Thread Adapter Kit (SIG MPX - M18x1 RH) (sold separately). For all others, a Strike X-Comp Thread Adapter kit in 1/2"-28 TPI or 5/8"-24 TPI is also available. COMPATIBILITY: CZ Scorpion EVO w/ or w/o click stop latch M18x1 RH thread pitch Kalashnikov USA™ KP-9 w/ purchase of Strike X-Comp Thread Adapter Kit (1/2"-28 TPI - M18x1 RH) SIG SAUER® MPX w/ purchase of Strike X-Comp Thread Adapter Kit (SIG MPX - M18x1 RH) Strike X-Comp Thread Adapter Kits (1/2"-28 TPI & 5/8"-24 TPI) SI OPRESSOR Package Contents: x1 X-Comp thread protector x1 Jam Nut (M18x1 RH) Product Features: M18x1 RH with 10mm inner diameter. # Safety Instruction Guide for XCOMP Thread Protector M18x1 RH

## Introduction

Thank you for choosing the Strike Industries XCOMP Thread Protector for M18x1 RH. This product is designed to protect the crown and threads of your firearm's barrel while allowing for the use of various muzzle devices. Please follow the safety instructions and guidelines outlined in this document to ensure safe and effective use.

## General Safety Guidelines

- Always handle firearms with care and follow all safety protocols.
- Ensure that the firearm is unloaded before installing or removing the thread protector.
- Store the thread protector in a safe place, away from children and unauthorized users.
- Regularly inspect the thread protector for signs of wear or damage. Replace if necessary.
- If you experience any issues during installation or usage, cease use immediately and consult a professional.

## Specific Safety Precautions for Use

- Use only with compatible firearms as specified in the product description.
- Ensure that the thread protector is securely installed before using the firearm.
- Avoid using excessive force when installing or removing the thread protector to prevent damage.
- Do not modify the thread protector in any way.
- Use the thread protector only for its intended purpose; misuse may result in injury or damage.

## Instructions for Installation and Usage

### 1. Preparation:

- Make sure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools, including the Strike Industries Jam Nut.

### 2. Installation:

- Directly thread the XCOMP Thread Protector onto the M18x1 RH barrel thread retaining nut.
- If using a CZ click stop latch, ensure it is properly engaged.
- For aftermarket handguards, use the Jam Nut to assist in timing the muzzle device.
- Tighten the thread protector securely, but avoid overtightening.

### 3. Usage:

- The thread protector can be used with live fire in 9mm caliber.
- Always check compatibility with your specific firearm model before use.
- For additional configurations, refer to the Strike XComp Thread Adapter Kits as needed.

### 4. PostUse:

- After use, inspect the thread protector for any signs of damage or wear.
- Clean the thread protector and the barrel threads to maintain optimal performance.

## **Disposal Instructions**

- Dispose of the XCOMP Thread Protector in accordance with local regulations.
- Do not dispose of in regular household waste if it contains hazardous materials.
- Contact your local waste management facility for specific disposal guidelines.

## **Contact Information for Further Support**

For safety inquiries or further assistance, please reach out to the manufacturer or your local authorized dealer. Always refer to the product's official documentation for the most accurate information.

By following these guidelines, you can ensure safe and effective use of the Strike Industries XCOMP Thread Protector for M18x1 RH. Thank you for your attention to safety.
