

ENHANCED FOREGRIPS FOR M-LOK COMPATIBLE RIFLES - ENHANCED FOREGRIP FOR AR-15 RIFLE, MULTICAM

[Rifle Parts](#) > [Grip Parts](#) > [Foregrips](#)

The ESD EFG (Enhanced Fore Grip) was designed to ease end-users ability to control their rifle, mitigate recoil, and have faster, more accurate follow-through. From the angle of the ESD EFG to the width, it's made with human-centered design in mind. Its angle allows your wrist to be better aligned with your forearm thus strengthening your overall grip. The width of the ESD EFG fits perfectly with the length of the proximal flange of a user's hand. This is important because it means your fingers are getting a more consistent and reliable grip than that of standard rifle grips. The ESD EFG has grooves all along the main curve and on the back of the grip. This allows for more consistency when your hands are wet or while wearing gloves. The grooves and the flat wall on the back section of the ESD EFG allow for more stability in unconventional shooting positions and on barricades. The hook on the bottom of the ESD EFG helps maintain a consistent placement of your hand without the risk of slippage during sustained fire. The hook also benefits the end-user when utilizing barricades to help capture and stabilize the firearm. The ESD EFG is made up of a Nylon material designed to withstand significant amounts of force and high temperatures. The material is known for taking abuse and when broken it tears vs cracking. This is important because if you do manage to damage your EFG it won't be rendered useless and will allow you to finish the job at hand. The ESD EFGs are manufactured in Ranger Green, Flat Dark Earth (FDE), and Multicam are all cerakoted by friends at Weichel Coatings. ESD found their coatings to be the most consistent, and color and camo accurate. The ESD EFG is also compliant with firearms that are classified as pistols and is not classified as a vertical grip.

Attributes

- Name: [ENHANCED FOREGRIP FOR AR-15 RIFLE, MULTICAM](#)
- Manufacturer: [Edgar Sherman Design](#)
- Product no.: 430105399
- Mfr. No.:
- Attachment: M-LOK
- Color: Black
- Make: AR-15
- Material: Polymer
- Delivery weight: 0.045kg
- Shipping height: 19mm
- Shipping width: 76mm
- Shipping length: 89mm
- UPC: 850027445472

Item details

Made in USA

US export classification: 0A501.y.1

Safety Instruction Guide for Enhanced Foregrips for MLOK Compatible Rifles

Introduction

Thank you for choosing the Enhanced Foregrip for AR15 Rifle, Multicam (ESD EFG). This guide provides essential safety information and instructions for the safe use of your product. Please read this document carefully to ensure proper handling and operation.

General Safety Guidelines

- Ensure that the ESD EFG is installed correctly before use.
- Always treat your rifle as if it is loaded, even if you believe it is not.
- Do not point your rifle at anything you do not intend to shoot.
- Keep your finger off the trigger until you are ready to shoot.
- Store the rifle and foregrip in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the ESD EFG for any signs of wear or damage before use.
- If you notice any damage, do not use the grip and contact a qualified professional.
- Follow all local laws and regulations regarding the use of firearms and accessories.

Specific Safety Precautions for Use

- The ESD EFG is designed for adult users. Keep it out of reach of children.
- Ensure that your hands are dry and clean before using the grip to maintain optimal control.
- Avoid using the grip with wet hands or while wearing slippery gloves.
- Use the grip only for its intended purpose; do not modify it in any way.
- Be cautious when using the grip in unconventional shooting positions or on barricades.
- Always maintain a firm grip on the rifle during use to prevent slippage.

Instructions for Installation and Usage

1. Installation:

- Ensure your rifle is unloaded before beginning installation.
- Align the ESD EFG with the MLOK slots on your rifle.
- Insert the mounting screws through the ESD EFG and into the MLOK slots.
- Tighten the screws securely, but do not overtighten to avoid damage.

2. Usage:

- Position your hand on the ESD EFG with your wrist aligned with your forearm.
- Use the grooves on the grip to enhance your grip stability.
- When transitioning between shooting positions, maintain a consistent grip on the ESD EFG.
- Utilize the hook on the bottom of the grip to stabilize your hand during sustained fire.

Disposal Instructions

- Dispose of the ESD EFG in accordance with local regulations.
- If the product is damaged beyond use, ensure it is safely discarded to prevent any potential hazards.
- Do not incinerate the grip as it may release harmful substances.

Contact Information for Further Support

For safety inquiries or further support regarding the ESD EFG, please consult the relevant local authorities or your point of purchase.

This guide is designed to help you safely enjoy your Enhanced Foregrip for AR15 Rifle, Multicam. Always prioritize safety and responsible use of firearms and accessories. Thank you for your attention to these important guidelines.
