# Safety Instruction Guide for AK47 ALPHA SERIES MLOK HANDGUARD W/ RAILED TOP COVER

## Introduction

Thank you for purchasing the AK47 Alpha Series MLOK Handguard with Railed Top Cover by Midwest Industries. This guide provides important safety information, installation instructions, and usage guidelines to ensure safe and effective use of your product. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the handguard is compatible with your specific AK47 model. This product is designed for AKM stamped receiver firearms and is not compatible with Yugo or milled receiver firearms.
- Always handle firearms with care and follow all safety protocols for firearm handling and maintenance.
- Keep the product out of reach of children and unauthorized users.
- Inspect the handguard and top cover for any signs of damage before installation. Do not use the product if damaged.
- Always wear appropriate safety gear when handling firearms, including eye protection.
- Be aware of your surroundings and ensure a safe area when using your firearm.

## Specific Safety Precautions for Use

- Do not make any permanent modifications to your firearm when installing the handguard or top cover. This allows you to return your firearm to its original state if necessary.
- Ensure that the locking block is properly adjusted to fit your firearm securely to prevent any movement during use.
- Avoid using the handguard in extreme conditions that may compromise its integrity, such as exposure to high heat or corrosive environments.
- Regularly check the stability struts and locking mechanisms for wear and tear, and replace any damaged components immediately.
- Maintain the handguard and top cover by cleaning them regularly to prevent the buildup of dirt and debris.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools for installation, including a torque wrench and any required screws or fittings.
- Ensure that your firearm is unloaded and pointed in a safe direction during the installation process.

### 2. Installation of Handguard

- Remove the existing handguard from your firearm according to the manufacturer's instructions.
- Align the Midwest Industries AK Alpha Series handguard with the mounting points on your firearm.
- Secure the handguard using the provided screws, ensuring they are tightened to the manufacturer's specifications.

### 3. Installation of Railed Top Cover

- Remove the existing top cover from your firearm.
- Place the Midwest Industries Railed Top Cover onto the firearm, ensuring that it fits securely over the handguard.

- Adjust the locking block as necessary to ensure a snug fit.
- Check that the recoil spring button is properly engaged.

#### 4. Final Checks

- After installation, perform a function check to ensure that all components are secure and operating correctly.
- Test the stability of the handguard and top cover by applying gentle pressure to ensure they do not move.

## Disposal Instructions

- When disposing of the product, ensure that it is done in accordance with local regulations regarding the disposal of aluminum and steel materials.
- Do not dispose of the handguard or top cover in regular household waste. Instead, consider recycling options available in your area.

## Contact Information for Further Support

For any questions or concerns regarding the safety and use of the AK47 Alpha Series MLOK Handguard with Railed Top Cover, please refer to the manufacturer's website or contact their customer support for assistance.

## Conclusion

By following these safety instructions and guidelines, you can ensure safe and effective use of your AK47 Alpha Series MLOK Handguard with Railed Top Cover. Always prioritize safety and handle your firearm responsibly. Thank you for choosing Midwest Industries.
