

BUSHING FULL LENGTH SIZING DIE - FORSTER PRODUCTS, INC. 6.5 PRC BUSHING FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bushing Full Length Sizing Die offers advanced precision by allowing you to precisely control the amount of neck sizing tension in your reloaded brass while sizing the body and bumping the shoulder. This die improves accuracy and prolongs case life because the case's shoulder and body is sized down just enough to fit in a minimum-sized SAAMI rifle chamber, and bushing limits working of the neck.

Bushing Full Length Sizing Die Safety Instructions

Introduction

Thank you for choosing the Bushing Full Length Sizing Die from Forster Products, Inc. This product is designed to enhance your reloading experience by providing advanced precision in neck sizing tension while ensuring the body and shoulder of your brass cases are properly sized. To ensure your safety and the optimal performance of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always read the product manual before use.
- Ensure you are familiar with the reloading process and safety practices.
- Keep this product out of reach of children and vulnerable individuals.
- Use the die only for its intended purpose as specified by the manufacturer.
- Inspect the die regularly for any signs of wear or damage.
- Follow all local laws and regulations related to ammunition reloading.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Wear safety glasses to protect your eyes from debris during reloading.
- Use gloves to protect your hands from sharp edges and brass shavings.
- Ensure your workspace is clean and free of obstructions.
- Do not exceed recommended load limits when using the die.
- Avoid distractions while reloading to maintain focus and precision.
- Store the die in a safe and dry location when not in use.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is clean and properly set up.
- Carefully screw the Bushing Full Length Sizing Die into the reloading press until secure.
- Adjust the die to the desired depth for sizing.

2. Usage:

- Start with clean, deprimed brass cases.
- Insert the brass case into the die and apply steady pressure to size the neck and body.
- Monitor the sizing process to avoid overworking the neck.
- After sizing, check the dimensions of the brass to ensure they meet specifications.
- Remove the sized cases from the die and inspect for any defects.

Disposal Instructions

- Dispose of any damaged or unusable parts according to local waste management regulations.
- Do not throw the die or its components in regular trash.
- Consider recycling metal components if applicable.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please refer to the manufacturer's official contact

channels. Ensure you have the product details available for efficient assistance.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safer and more effective reloading experience with your Bushing Full Length Sizing Die.
