

BUSHING FULL LENGTH SIZING DIE - FORSTER PRODUCTS, INC. 308 WINCHSETER BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bushing Full Length Sizing Die offers advanced precision by allowing you to precisely control the amount of neck sizing tension in your reloaded brass while sizing the body and bumping the shoulder. This die improves accuracy and prolongs case life because the case's shoulder and body is sized down just enough to fit in a minimum-sized SAAMI rifle chamber, and bushing limits working of the neck.

Bushing Full Length Sizing Die Safety Instructions

Introduction

Thank you for choosing the Bushing Full Length Sizing Die from Forster Products, Inc. This die is designed to enhance the precision of your reloading process, offering control over neck sizing tension while ensuring the body and shoulder of the case are properly sized. This guide provides essential safety instructions to ensure safe and effective use of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

To ensure your safety and the safety of others while using the Bushing Full Length Sizing Die, please adhere to the following guidelines:

- Always read and understand the product instructions before use.
- Use the die in a wellventilated area to avoid inhalation of any dust or particles.
- Keep the die and all reloading equipment out of reach of children and unauthorized persons.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling materials and during the reloading process.
- Be aware of your surroundings and ensure that your work area is clean and organized to prevent accidents.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

When using the Bushing Full Length Sizing Die, please keep the following safety precautions in mind:

- Ensure that the die is compatible with the specific caliber you are reloading (308 Winchester).
- Check the die for any visible damage or wear before use. Do not use if damaged.
- Avoid overtightening the die in the reloading press, as this may cause damage to the die or press.
- Follow the manufacturer's recommended procedures for adjusting the die to achieve the desired neck tension.
- Do not exceed the recommended load specifications for your reloaded ammunition.
- Always inspect your reloaded brass for signs of damage or excessive wear before use.

Instructions for Installation and Usage

To ensure proper installation and usage of the Bushing Full Length Sizing Die, please follow these steps:

1. Installation:

- Securely mount the reloading press to a stable work surface.
- Insert the Bushing Full Length Sizing Die into the reloading press.
- Tighten the die according to the manufacturer's instructions, ensuring it is securely in place.

2. Usage:

- Prepare your brass cases by cleaning and inspecting them for defects.
- Adjust the die to the desired neck tension using the provided bushing.
- Insert a brass case into the shell holder of the reloading press.
- Pull the handle to raise the ram and size the case. Ensure the case is fully sized before lowering the ram.
- Remove the sized case and repeat the process for additional cases as needed.

3. **PostUsage:**

- Clean the die after use to prevent residue buildup.
- Store the die in a safe, dry place when not in use.

Disposal Instructions

Proper disposal of the Bushing Full Length Sizing Die and any reloading materials is crucial to environmental safety. Follow these guidelines for disposal:

- Dispose of any damaged or wornout dies in accordance with local waste disposal regulations.
- Recycle materials whenever possible, such as brass cases, to minimize environmental impact.
- Do not dispose of any reloading materials in regular household waste. Follow local regulations for hazardous waste disposal.

Contact Information for Further Support

For any inquiries regarding the Bushing Full Length Sizing Die, please refer to the manufacturer's website or customer service resources. Ensure you have the product details available for a more efficient response.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Bushing Full Length Sizing Die. Thank you for prioritizing safety in your reloading practices.
