

BUSHING FULL LENGTH SIZING DIE - FORSTER PRODUCTS, INC. 6 CREEDMOOR BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bushing Full Length Sizing Die offers advanced precision by allowing you to precisely control the amount of neck sizing tension in your reloaded brass while sizing the body and bumping the shoulder. This die improves accuracy and prolongs case life because the case's shoulder and body is sized down just enough to fit in a minimum-sized SAAMI rifle chamber, and bushing limits working of the neck.

Attributes

- Name: [FORSTER PRODUCTS, INC. 6 CREEDMOOR BUSHING FULL LENGTH DIE](#)

Bushing Full Length Sizing Die Safety Instruction Guide

Introduction

Thank you for choosing the Bushing Full Length Sizing Die from Forster Products, Inc. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the die to understand the potential hazards and how to mitigate them.

General Safety Guidelines

- Always handle the die with care to prevent injury.
- Ensure the die is used in a wellventilated area to avoid inhalation of any dust or particles generated during use.
- Keep the die and all reloading components out of reach of children and unauthorized individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), including safety glasses and gloves, while reloading.
- Ensure your workspace is clean and organized to prevent accidents.
- Do not exceed recommended load limits when using the die.
- Avoid using the die with damaged or improperly sized brass cases.
- Be aware of the potential for lead exposure and practice good hygiene after handling reloaded ammunition.

Instructions for Installation and Usage

1. Installation:

- Securely mount the die in a reloading press according to the manufacturer's instructions.
- Ensure the die is tightened properly to prevent movement during use.
- Adjust the die to the desired depth based on your specific reloading requirements.

2. Usage:

- Start by inspecting your brass cases for any damage or deformation.
- Insert a brass case into the die and operate the reloading press to size the case.
- Monitor the tension on the neck of the case as you adjust the bushing to achieve the desired neck sizing tension.
- After sizing, remove the case and inspect it for proper fit and dimensions.

Disposal Instructions

- Dispose of any damaged or unusable brass cases in accordance with local regulations.
- Do not throw the die or any reloading components in regular trash.
- Check with local waste management authorities for proper disposal methods of reloading materials.

Contact Information for Further Support

For any questions or concerns regarding the Bushing Full Length Sizing Die, please refer to the contact information provided with your product packaging or visit the manufacturer's website for additional resources.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the Bushing Full Length Sizing Die. Always prioritize safety and stay informed about best practices in reloading. Thank you for choosing Forster Products, Inc.
