SCT 17 Full Size Stripped Polymer Frame Safety Instructions

Introduction

Thank you for choosing the SCT 17 Full Size Stripped Polymer Frame from SCT Manufacturing. This product is designed to enhance your pistolbuilding experience while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Store firearms and ammunition securely, out of reach of children and unauthorized users.
- Ensure that you are familiar with local laws regarding firearms and their components.
- Always use protective eyewear and hearing protection when handling or shooting firearms.
- Regularly inspect your firearm and its components for wear or damage before each use.
- Follow all manufacturer instructions for assembly, usage, and maintenance.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the frame is compatible with Glock® Gen 3 models 17, 22, and 31.
- Do not modify the frame in any way that could compromise its integrity or safety.
- Always ensure that the magazine is removed and the firearm is unloaded before performing any maintenance or modifications.
- Use only compatible parts and accessories when building your pistol.
- Be aware of the grip angle and ergonomics to maintain control while shooting.
- Avoid using the firearm in wet or slippery conditions that could affect handling.
- Ensure that the flared mag well and recessed mag release area are free of obstructions to facilitate quick magazine changes.

Instructions for Installation and Usage

1. Installation

- Begin by ensuring that the workspace is clean and welllit.
- Remove the slide and barrel from your Glock® Gen 3 pistol.
- Carefully install the SCT 17 frame over the existing components, ensuring that the overmolded rails fit securely.
- Ensure that the locking block is properly installed for safe operation.
- Check that the thumb accelerator pad and grip are positioned comfortably for your hand size.

2. Usage

- Once the installation is complete, conduct a function check to ensure that all components are operating correctly.
- Load the firearm only when you are ready to shoot and in a safe environment.
- Maintain a firm grip on the pistol and be aware of your surroundings while shooting.
- After use, ensure the firearm is unloaded before cleaning or storing.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the frame or any components become damaged, do not attempt to repair them. Dispose of them responsibly according to local regulations.
- Always ensure that firearms and their components are disposed of in a manner that prevents access by unauthorized persons.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the SCT 17 Full Size Stripped Polymer Frame, please contact the manufacturer directly. Ensure that you have your product details ready for a more efficient response.

By following these guidelines, you can help ensure a safe and enjoyable experience with your SCT 17 Full Size Stripped Polymer Frame. Thank you for your commitment to safety.
