[Handgun Parts](#) > [Frame Parts](#) > [Frames](#)

This SCT Manufacturing GLOCK™ Compatible Full Size Assembled Frame is going to change the way you build pistols. It is the only frame at this price point packed with this level of features. This is a serialized frame with shooter-oriented ergonomics. Polished stainless steel over molded rails that are ready to build. They are made with an industry leading proprietary polymer blend and compatible with Glock Gen 3 17,22, and 31 frames. Each frame is assembled by a certified armorer utilizing SCT Manufacturing lower parts kits which have been tested and proven to meet or exceed OEM specifications. The last step of each frame assembly is function testing utilizing a GLOCK™ factory slide checking for safe operation, striker engagement, trigger pull, & trigger reset ensuring the end user is left with a frame that needs nothing but a slide assembly right out of the box! FEATURES: Fully assembled with SCT Gen 3 17 compatible internals. Serrations and index point on trigger guard to help control recoil Serrations on top of beaver tail reduce glare GEN 5 Style Slide lock Flared mag well Thumb Accelerator pad Advanced contour grip with aggressive texturing Picatinny rail (not a Glock® rail) "MIL-STD 1913 Picatinny" High beaver tail with low profile bore axis Grip angle is the same as Glock® Slide stop guard Larger trigger guard for better access with gloves Recessed contoured mag release area for faster mag changes Multi caliber-Compatible with compact 9mm, 40 cal, 357SIG Mag Well compatibility Frame assembly includes: SCT17 polymer frame, electroless nickel locking block, polished trigger assembly with electroless nickel trigger bar and polymer trigger, standard polymer magazine catch, magazine catch spring, steel trigger pin, steel locking block pin, standard slide lock, slide lock coil spring, polymer trigger housing pin, trigger housing with GEN4 style ejector, standard slide stop assembly & polished 5.5 lb. electroless nickel trigger connector.

# SCT 17 Full Size Assembled Polymer Frame Safety Instruction Guide

## Introduction

Thank you for choosing the SCT 17 Full Size Assembled Polymer Frame. This product is designed to provide a highquality frame compatible with GLOCK Gen 3 models. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding the safe handling, installation, and maintenance of your SCT 17 frame.

## General Safety Guidelines

- Ensure that you are familiar with the operation and safety features of your firearm before using the SCT 17 frame.
- Always treat the frame as if it is loaded, even when it is not.
- Keep the frame and any associated accessories out of reach of children and unauthorized users.
- Use only compatible parts and accessories with the SCT 17 frame to avoid malfunctions or accidents.
- Regularly inspect the frame for signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding firearm ownership and usage.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before handling or modifying the frame.
- Wear protective eyewear when working with the frame to shield against any potential debris.
- Avoid using the frame in wet or humid conditions to prevent damage to the polymer material.
- Do not apply excessive force when installing or removing components to avoid damaging the frame.
- Be cautious of sharp edges during installation and handling to prevent cuts or injuries.
- If you experience any issues with the frame, cease use immediately and consult a qualified firearms technician.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that you have all necessary tools and components ready for installation.
- Verify that the work area is clean and free of distractions.

### 2. Installation Steps:

- Remove any existing components from your GLOCK Gen 3 frame.
- Carefully insert the SCT 17 polymer frame into the GLOCK slide assembly, ensuring proper alignment.
- Secure the electroless nickel locking block into place.
- Install the polished trigger assembly, ensuring that the trigger bar is correctly positioned.
- Attach the standard polymer magazine catch and spring as per the provided instructions.

### 3. Function Testing:

- After assembly, conduct a function test using a GLOCK factory slide.
- Check for safe operation, striker engagement, trigger pull, and trigger reset.
- Ensure that the frame operates correctly before proceeding to use it with live ammunition.

### 4. Usage:

- When using the firearm, maintain a firm grip on the frame.
- Keep your finger off the trigger until you are ready to fire.
- Always point the firearm in a safe direction.
- Be aware of your surroundings and ensure that you have a clear target.

## **Disposal Instructions**

- Dispose of the SCT 17 frame and any associated components in accordance with local regulations.
- Do not dispose of the frame in regular household waste. Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the SCT 17 Full Size Assembled Polymer Frame, please refer to the manufacturer's website or contact your local dealer for assistance.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of your SCT 17 Full Size Assembled Polymer Frame. Always prioritize safety and comply with all relevant regulations. Thank you for your attention to these important guidelines.
