[Handgun Parts](#) > [Frame Parts](#) > [Frames](#)

This SCT Manufacturing GLOCK™ Compatible Full Size Assembled Frame is going to change the way you build pistols. It is the only frame at this price point packed with this level of features. This is a serialized frame with shooter-oriented ergonomics. Polished stainless steel over molded rails that are ready to build. They are made with an industry leading proprietary polymer blend and compatible with Glock Gen 3 17,22, and 31 frames. Each frame is assembled by a certified armorer utilizing SCT Manufacturing lower parts kits which have been tested and proven to meet or exceed OEM specifications. The last step of each frame assembly is function testing utilizing a GLOCK™ factory slide checking for safe operation, striker engagement, trigger pull, & trigger reset ensuring the end user is left with a frame that needs nothing but a slide assembly right out of the box! FEATURES: Fully assembled with SCT Gen 3 17 compatible internals. Serrations and index point on trigger guard to help control recoil Serrations on top of beaver tail reduce glare GEN 5 Style Slide lock Flared mag well Thumb Accelerator pad Advanced contour grip with aggressive texturing Picatinny rail (not a Glock® rail) "MIL-STD 1913 Picatinny" High beaver tail with low profile bore axis Grip angle is the same as Glock® Slide stop guard Larger trigger guard for better access with gloves Recessed contoured mag release area for faster mag changes Multi caliber-Compatible with compact 9mm, 40 cal, 357SIG Mag Well compatibility Frame assembly includes: SCT17 polymer frame, electroless nickel locking block, polished trigger assembly with electroless nickel trigger bar and polymer trigger, standard polymer magazine catch, magazine catch spring, steel trigger pin, steel locking block pin, standard slide lock, slide lock coil spring, polymer trigger housing pin, trigger housing with GEN4 style ejector, standard slide stop assembly & polished 5.5 lb. electroless nickel trigger connector.

# SCT 17 Full Size Assembled Polymer Frame Safety Instructions

## Introduction

Thank you for choosing the SCT 17 Full Size Assembled Polymer Frame. This product is designed to provide a highquality foundation for building your compatible pistol. To ensure your safety and the safe use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always treat the SCT 17 frame as if it is loaded, even when you believe it is not.
- Store the frame and any associated parts in a secure location, out of reach of children and unauthorized users.
- Use the SCT 17 frame only with compatible Glock Gen 3 parts to ensure safe operation.
- Always wear appropriate protective gear, including eye protection, when handling the frame and during assembly.
- Familiarize yourself with the operation of the frame, including its features and safety mechanisms, before use.
- Regularly inspect the frame and associated components for signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the frame is properly assembled before use. Only use parts that meet OEM specifications.
- Do not modify the frame or any of its components, as this may compromise safety and performance.
- Avoid using the frame in wet or humid conditions to prevent damage to the polymer material.
- Keep your fingers away from the trigger until you are ready to shoot.
- Always point the frame in a safe direction when handling or assembling.
- Be aware of your surroundings and ensure that the area is clear of bystanders when using the frame.

## Instructions for Installation and Usage

### 1. Assembly:

- Ensure you have all necessary components and tools before starting the assembly.
- Follow the manufacturer's instructions for assembling the SCT 17 frame with the appropriate Glock Gen 3 parts.
- Use the SCT Manufacturing lower parts kit, which has been tested to meet OEM specifications.

### 2. Function Testing:

- After assembly, conduct a function test using a GLOCK factory slide.
- Check for safe operation, striker engagement, trigger pull, and trigger reset.
- Ensure that the frame operates correctly before using it with live ammunition.

### 3. Proper Handling:

- Always keep the frame pointed in a safe direction.
- Do not engage the trigger until you are ready to fire.
- Practice safe handling techniques to minimize the risk of accidents.

### 4. Maintenance:

- Regularly clean and maintain the frame according to the manufacturer's recommendations.
- Inspect all components for wear and replace any damaged parts immediately.

## Disposal Instructions

- Dispose of the SCT 17 frame and any associated parts in accordance with local regulations.
- Do not dispose of the frame in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods for polymer materials.

## Contact Information for Further Support

- For safety inquiries or additional support regarding the SCT 17 frame, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your SCT 17 Full Size Assembled Polymer Frame. Always prioritize safety and responsible handling practices.
