CARBIDE TURNING MANDREL KIT The Sinclair Carbide Turning Mandrel Kit offers you our popular Expander Die along with our most popular sized Carbide Turning Mandrels. Turning mandrels are sized 0.002" under bullet diameter and are precision ground from solid carbide stock to yield the tightest tolerances. Originally used for neck turning, these mandrels have also been very popular for setting neck tension and keeping concentricity. The Carbide mandrels offer more lubricity and longevity over Stainless Steel, and resist galling. Kit includes: 22 Caliber Carbide Turning Mandrel (0.222" Diameter) 6mm Carbide Turning Mandrel (0.241" Diameter) 6.5mm Carbide Turning Mandrel (0.262" Diameter) 30 Caliber Carbide Turning Mandrel (0.306" Diameter) Expander Die Body **CARBIDE EXPANDER MANDREL KIT** The Sinclair Carbide Expander Mandrel Kit offers you our popular Expander Die along with our most popular sized Carbide Expander Mandrels. Turning mandrels are sized 0.001" under bullet diameter and are precision ground from solid carbide stock to yield the tightest tolerances. Originally used for neck expanding prior to neck turning, these mandrels have also been very popular for setting neck tension and keeping concentricity. The Carbide mandrels offer more lubricity and longevity over Stainless Steel, and resist galling. Kit includes: 22 Caliber Carbide Expander Mandrel (0.223" Diameter) 6mm Carbide Expander Mandrel (0.242" Diameter) 6.5mm Carbide Expander Mandrel (0.263" Diameter) 30 Caliber Carbide Expander Mandrel (0.307" Diameter) Expander Die Body

Safety Instruction Guide for CARBIDE MANDREL KIT

Introduction

Thank you for choosing the CARBIDE MANDREL KIT from Sinclair International. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the mandrel kit.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as outlined in the product specifications.
- Keep the product out of reach of children and vulnerable individuals.
- Always inspect the mandrels and dies for damage or wear before use. Do not use damaged components.
- Use appropriate personal protective equipment such as safety glasses and gloves when handling the mandrels.
- Follow all local regulations and guidelines regarding the use and disposal of tools and materials.

Specific Safety Precautions for Use

• Hazard Identification:

- The mandrels are precision tools and can cause injury if mishandled.
- Sharp edges may exist on the mandrels and dies; handle with care.

• Avoiding Hazards:

- Always secure the workpiece properly before using the mandrels.
- Do not exceed the recommended speeds and pressures during use.
- Ensure that the work area is clean and free from obstructions.
- Do not use the mandrels if you are under the influence of drugs or alcohol.

• AgeSpecific Warnings:

- This product is not intended for use by individuals under the age of 18. Adult supervision is recommended for any use of this product by minors.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that your workspace is welllit and organized.

2. Installation:

- Select the appropriate mandrel size for your application.
- Insert the mandrel into the appropriate tool holder securely.
- Ensure that the mandrel is properly aligned and tightened to avoid slippage during use.

3. Usage:

- Follow the specific guidelines for the intended use of the mandrel (turning or expanding).

- Use a lubricant if necessary to ensure smooth operation and reduce wear on the mandrel.
- Monitor the workpiece and mandrel during use, adjusting as necessary for optimal performance.

4. PostUse:

- After completing your work, clean the mandrels and dies to remove any debris or residue.
- Inspect the mandrels for any signs of wear or damage before storing.

Disposal Instructions

- Dispose of any damaged or worn mandrels in accordance with local waste management regulations.
- Do not dispose of the product in household waste. Instead, check for recycling options that accept carbide materials.
- Ensure that all packaging materials are disposed of responsibly and in accordance with local guidelines.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the CARBIDE MANDREL KIT, please refer to the product packaging or documentation for contact details.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your CARBIDE MANDREL KIT. Thank you for choosing Sinclair International.
