

SUPER MODULAR HK 416 RAIL - GEISSELE AUTOMATICS SUPER MODULAR RAIL SMR HK416 RAIL 10.5" BLACK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The Geissele Super Modular HK 416 rail was designed to replace the standard rail on the HK 416 weapon platform. Constructed of precision machined, 6061-T6 aluminum allows the SMR HK to incorporate strength, rigidity and modularity while utilizing the stock HK barrel nut. Finished in Type 3 Hardcoat Anodize to meet military specifications and able to use rail sections at the 3, 6 and 9 o'clock positions to mount accessory rails, using steel inserts for a rock solid, steel to steel connection; the SMR HK is trusted by our Nation's elite warfighters, whose direct input and feedback allowed us to develop the feature and performance rich SMR 416. SPECIFICATIONS: HEIGHT: 2.51" COLOR: Black MATERIAL: 6061-T6 FINISH: Type 3 Hardcoat Anodize AVAILABLE LENGTHS: 10.5" (actual rail length 9 3/8") OR 14.5" (actual rail length 13 5/8") INNER DIAMETER: 1.35" OUTER DIAMETER (DAQ*): 1.9" SMR HK 14.5" WEIGHT: 16.3oz SMR HK 10.5" WEIGHT: 12.96oz The 14.5" SMR HK Rail is Optimized for a 14.5" Barrel * The 10.5" SMR HK Rail is Optimized for a 10.5" Barrel * *DAQ - Distance Across Quadrants

Safety Instruction Guide for Geissele Super Modular HK 416 Rail

Introduction

Thank you for purchasing the Geissele Super Modular HK 416 Rail (SMR HK 416 Rail). This guide provides essential safety information to ensure the safe use and installation of your product. Please read the instructions carefully before use and retain this guide for future reference.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Always inspect the rail for any signs of damage or wear before installation and use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.
- If you have any questions or concerns about the product, refer to the contact information provided by the manufacturer.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Ensure the firearm is unloaded before installation.
 - Follow all firearm safety rules during installation and usage.
- **Usage Safety:**
 - Do not exceed the manufacturer's recommended weight limits for accessories mounted on the rail.
 - Regularly check the tightness of the mounted accessories to prevent accidents.
 - Be aware of your surroundings and ensure a safe shooting environment.
- **Maintenance Safety:**
 - Clean the rail regularly to ensure optimal performance.
 - Use only approved cleaning materials to avoid damage to the rail.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is completely unloaded.
- Remove the existing rail from the HK 416 platform.
- Align the Geissele SMR HK 416 Rail with the stock barrel nut.
- Secure the rail in place according to the manufacturer's specifications.
- Use the provided tools to tighten all screws and ensure a secure fit.

2. Usage:

- Once installed, familiarize yourself with the rail and its features.
- Mount accessories only at the specified 3, 6, and 9 o'clock positions.
- Ensure that all mounted accessories are securely fastened before use.
- Use the rail in accordance with the firearm manufacturer's guidelines.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, product features, or support, please refer to the contact information provided by the manufacturer. Ensure you have your product details ready for a more efficient response.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Geissele Super Modular HK 416 Rail. Thank you for your attention to safety!
