

# AR 308 WAHAMMER MICRO MOD2 AMBIDEXTROUS CHARGING HANDLE - BREEK ARMS AR 308 WARHAMMER MICRO MOD2 AMBIDEXTROUS CHARGING HANDLE FDE

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

The WARHAMMER is an incredibly affordable upgrade compared to other 308 charging handles in the market without sacrificing the quality that Breek Arms is proud of. The Warhammer will substantially increase the use of your .308 / 7.62 AR as an easy drop in upgrade. The smaller latches on the MICRO are for use when shooting with gear, slings, or barriers to avoid snagging. The total width of the latches measures 2.40", slightly wider than a standard charging handle width. Easily grab on either side of the handle and you can quickly charge your rifle even with large gloves with the textured grooves that are cut into the latch handles. The low profile design keeps it slim and sleek looking without sacrificing functionality. Made entirely out of 7075 aluminum for added strength and durability! The new MOD2 design features improvements for further reducing gas blowback in the shooter's face. The relief cuts on the top and bottom of the stem are designed to help direct extra gas out the side and away from your face. And for any gas that does manage to go straight back, we increased the height of the shelf to better cover the back of the upper. These modifications help improve the shooting experience, especially when shooting suppressed! FEATURES: Material: 7075-T6 aluminum Fits 308 AR Variants - See List Below Finish: Type III hard-coat anodized Perfect replacement for any factory charging handle Latches are also 7075-T6 aluminum Set-Back Latches work great for large optics Allows for one handed manipulation Higher Rear Shelf and Relief Cuts to Divert Suppressor Gasses No gunsmith required Made in America COMPATIBLE WITH- Aero M5, DPMS Gen1 High and Low, Knights Armament SR25, STAG-10, Armalite AR10, Daniel Defense DD5 V3, V4, V5, and many others using DPMS Gen1 or Armalite AR10 platform. NOT COMPATIBLE WITH- SIG716, Savage MSR10, Smith and Wesson M&P10, DPMS R-25 Gen II, Colt LE901, Bushmaster BAR-10, RRA LAR-8, HK MR762, POF ROGUE AR-10/.308 or others using a DPMS Gen2 style upper.

# Safety Instruction Guide for AR 308 Warhammer Micro Mod2 Ambidextrous Charging Handle

## Introduction

Thank you for choosing the AR 308 Warhammer Micro Mod2 Ambidextrous Charging Handle. This product is designed to enhance the functionality of your .308 / 7.62 AR platform while ensuring safety during use. Please read this safety instruction guide carefully to understand the proper use, installation, and disposal of this product.

## General Safety Guidelines

- **Product Safety:** This charging handle is designed for safe use with all compatible .308 AR variants. Always ensure that you follow the guidelines provided.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. In case of a recall, you will be provided with necessary remedies.
- **Online Shopping Safety:** Ensure that you purchase this product from authorized retailers that comply with safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Always keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please reach out to the designated EU contact point provided by your retailer.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on this product.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or using the charging handle.
- Do not use the charging handle if it shows signs of damage or wear.
- Make sure the charging handle is compatible with your specific AR platform before installation.
- When manipulating the charging handle, ensure that your fingers are clear of the action to avoid injury.
- Use appropriate protective gear, such as gloves, when handling the charging handle, especially in adverse conditions.
- Avoid using the charging handle while the firearm is in a confined space to prevent any potential accidents.
- Be aware of your surroundings and ensure that the area is safe for shooting before using the firearm equipped with this charging handle.

## Instructions for Installation and Usage

### Installation

1. **Preparation:** Ensure the firearm is completely unloaded and safe to handle.
2. **Remove the Old Charging Handle:**
  - Open the upper receiver.
  - Remove the existing charging handle by pulling it out of the receiver.
3. **Install the New Charging Handle:**
  - Align the new Warhammer charging handle with the receiver.
  - Slide it into place until it is securely fitted.
4. **Check for Proper Function:**
  - Pull the charging handle back to ensure it operates smoothly.
  - Ensure that it is securely in place and does not wobble.

## **Usage**

- To operate the charging handle, grasp it firmly on either side and pull it back to chamber a round.
- Ensure that you are using the handle in a manner that avoids snagging on gear or barriers.
- Always check to ensure that the firearm is in a safe condition before attempting to charge it.

## **Disposal Instructions**

- Dispose of the charging handle in accordance with local regulations regarding metal waste.
- Do not dispose of the charging handle in regular household waste.
- If the product is damaged or you no longer wish to use it, contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the AR 308 Warhammer Micro Mod2 Ambidextrous Charging Handle, please refer to the contact information provided by your retailer or manufacturer. They will assist you with any inquiries related to safety, usage, or product support.

Thank you for your attention to these safety guidelines. Enjoy using your AR 308 Warhammer charging handle responsibly and safely!
