

# REIN 3.0 DUAL-FUEL WEAPONLIGHT - CLOUD DEFENSIVE REIGN 3.0 DUAL-FUEL WEAPONLIGHT 1250-LUMEN MLOK BLACK

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Weapon Lights](#)

**PERFORMANCE:** An average of 100,000 Candela in the full-size configuration represents a seismic leap in capability for the user. Over 44% more than the closest competitor. It means more light on-target, better situational awareness, and improved survivability. Run-time standards per ANSI/PLATO-FL1 ensure your light performs as long as you need it. Due to enhanced thermal upgrades, the REIN light head CANNOT be used on any MCH lights. Simply, the light head gets too hot which can cause damage to the electrical components. Run-time standard per ANSI/PLATO-FL1 = 95 minutes for the full-size REIN. The ANSI/PLATO-FL1 standard for runtime is: The amount of time until the light reaches 10% of its original output. **POWER:** The REIN uses a USA-made, state-of-the-art electrical system. That gives us the output, efficiency, and run-time. Uses a single 18650 battery. The REIN is now DUAL FUEL. CR123A batteries are now allowed. However, if you use CR123A, expect performance degradation. Cloud Defensive supply a branded Samsung 18650 30Q with the REIN. Please note, REIN will produce usable light for multiple hours. Accepts ALL protected and unprotected 18650 batteries. Accepts both button-top and flat-top batteries. **DIMENSIONS:** 1.3" bezel diameter lower mounting lug height profile REIN Length: 6.17" **WEIGHT:** REIN weight with Remote Switch and Battery: 6.91oz **COMPATIBILITY:** REIN ships standard with a Torrent MLOK Inline. Cloud Defensive offers a full line-up of Torrent mounts for different mounting needs. REIN is fully compatible with existing Scout Light® mounts on the market. **REMOTE SWITCH:** The REIN switch has proven to be good both electrically and in durability. The remote switch is electrically isolated from the push-button switch located on the tail cap. Tail-cap cartridge is easily replaceable and allows for "clocking" so you can minimize cable exposure, without removing the tail of the light. **GENERAL INFO:** Modular 3-piece design. With a modular electrical system and remote switch, REIN is upgradeable as subsequent generations are released. Please read more details on generational compatibility on the REIN FAQ page. IPX-8 waterproof rating. Fully submersible to 100 feet for 24 hours. Fully-potted remote switch included. Strongest-in-class lens. The glass on the REIN is 3mm thick. It can take multiple hits from 5.56mm Simmunition rounds, at contact-distance. Patented Battery Jack feature. This allows you to properly tension the battery inside the system to avoid battery bounce. This lengthens the life of your system and increases reliability. The exposed cable for the remote switch is 5" long. Shockproof. Dustproof. Durable. Lifetime Warranty - with only a few exceptions. Please see warranty info for full details. Made in the USA. **Output Specs & New Features** 100,000 Candela peak beam intensity (With 18650) 1250 Lumens output (With 18650) 65 minutes run-time (With 18650) Dual-Fuel capability. 1.3" bezel diameter. 6.17" in length. Reduced mounting lug height. **INCLUDED IN BOX** 1 REIN 1 Remote switch tail cap assembly with integrated push button 2 LCS side plates with hardware 1 Torrent MLOK Inline, with all mounting hardware 1 Cloud Defensive labeled Nitecore Charger 1 18650 battery

## Attributes

- Name: [CLOUD DEFENSIVE REIGN 3.0 DUAL-FUEL WEAPONLIGHT 1250-LUMEN MLOK BLACK](#)
- Manufacturer: [CLOUD DEFENSIVE](#)
- Product no.: 430107144
- Mfr. No.: REIN 3.0-DF-S-650 BLK
- Battery: 18650 Li-ion
- Lumens: 1250
- Style: Weapon Mounted
- Delivery weight: 0.454kg
- Shipping height: 51mm
- Shipping width: 102mm
- Shipping length: 127mm
- UPC: 850016201928

## Item details

Made in USA

This product contains a battery.

# REIN 3.0 DUALFUEL WEAPONLIGHT Safety Instruction Guide

## Introduction

Thank you for choosing the REIN 3.0 DUALFUEL WEAPONLIGHT. This guide provides essential safety instructions to ensure the safe and effective use of your new weapon light. It is important to read and understand these guidelines before operating the product.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the REIN 3.0 by following all instructions and safety warnings.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. Check the Safety Gate platform for updates.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety standards.
- **Special Consumer Focus:** This product is intended for adult users. Keep out of reach of children.
- **EU Contact Point:** For any safety inquiries, refer to the EUbased contact provided by your retailer or manufacturer.
- **Rapid Alerts:** Be aware of any rapid alerts regarding product safety through the Safety Gate system.

## Specific Safety Precautions for Use

- **Avoid Overheating:** The REIN light head can become very hot during use. Do not touch the light head after prolonged use to avoid burns.
- **Battery Safety:** Use only the recommended 18650 Liion batteries or CR123A batteries. Using incompatible batteries may cause performance degradation or damage.
- **Electrical Isolation:** The remote switch is electrically isolated from the pushbutton switch. Ensure proper use to avoid electrical issues.
- **Modular Design:** The modular design allows for upgrades. Ensure compatibility with future generations before making modifications.
- **Water Resistance:** The REIN has an IPX8 waterproof rating. However, avoid submerging the product in water unnecessarily.
- **Shock and Dust Resistance:** The product is designed to be shockproof and dustproof. Avoid dropping or exposing the light to extreme conditions.

## Instructions for Installation and Usage

- **Installation:**
  1. Attach the REIN to your weapon using the included Torrent MLOK Inline mount.
  2. Secure all mounting hardware to ensure stability.
  3. Connect the remote switch to the tail cap of the REIN.
- **Battery Installation:**
  1. Insert the provided Samsung 18650 30Q battery into the battery compartment.
  2. Ensure the battery is properly seated and that the battery jack feature is used to avoid battery bounce.
- **Operation:**
  1. Use the pushbutton switch for momentary or constanton operation.
  2. Use the remote switch for handsfree operation.
  3. Monitor the runtime; the light is designed for up to 95 minutes of continuous use at full brightness.
- **Maintenance:**
  1. Regularly check for any signs of wear or damage.
  2. Clean the lens and body with a soft, dry cloth to maintain performance.
- **Disposal Instructions:**

- Dispose of batteries and the weapon light in accordance with local regulations.
- Do not dispose of batteries in fire or expose them to extreme temperatures.

## **Contact Information for Further Support**

For further assistance or inquiries regarding safety and performance, please refer to the contact information provided by your retailer or visit the manufacturer's website.

Thank you for choosing the REIN 3.0 DUALFUEL WEAPONLIGHT. Your safety is our priority.
