

# TACTICAL ONE-PIECE SCOPE MOUNT - AREA 419 TACTICAL 30MM 20MOA MEDIUM (1.26") 1-PIECE SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

**AREA 419 TACTICAL ONE-PIECE SCOPE MOUNT** When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made - as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But they think it's the right way. So that's what they are going to do. **NOTE:** These scope mounts DO NOT include a diving board.

**FEATURES** CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware Patent-Pending ultra-rigid and repeatable top accessory attachment - attach optional Tactical Diving Board.

## Attributes

- Name: [AREA 419 TACTICAL 30MM 20MOA MEDIUM \(1.26"\) 1-PIECE SCOPE MOUNT BLACK](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430107285
- Mfr. No.: 419-TSM-303220
- Finish: Black
- Height: 1.26"
- Material: Aluminum
- Scope Tube Diameter: 30mm
- Size: Medium
- Style: Picatinny Rail
- Delivery weight: 0.522kg
- Shipping height: 71mm
- Shipping width: 147mm
- Shipping length: 241mm
- UPC: 810080182424

# TACTICAL ONEPIECE SCOPE MOUNT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the AREA 419 TACTICAL ONEPIECE SCOPE MOUNT. This guide provides essential safety instructions and guidelines to ensure the safe use of your scope mount. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure that the scope mount is compatible with your scope and firearm.
- Always follow the manufacturer's instructions for installation and use.
- Regularly inspect the scope mount for signs of wear or damage.
- Store the scope mount in a dry, cool place when not in use.
- Keep the scope mount out of reach of children and pets.
- In case of any malfunction or damage, cease use immediately and consult a qualified professional.

## Specific Safety Precautions for Use

- Before mounting, ensure the firearm is unloaded and pointed in a safe direction.
- Do not exceed the recommended torque specifications when tightening the mount.
- Avoid using the scope mount under extreme conditions that may compromise its integrity.
- Ensure that all accessories attached to the mount are securely fastened.
- Be cautious of sharp edges during installation and handling.
- If using the optional Tactical Diving Board, ensure it is securely attached before use.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a torque wrench.
- Ensure the workspace is clean and free of distractions.

### 2. Mounting the Scope

- Place the scope mount on the picatinny rail of your firearm.
- Align the mount with the desired position on the rail.

### 3. Securing the Mount

- Use the provided steel guide pins to aid in alignment.
- Tighten the clamping bars securely, ensuring they grip the picatinny rail without overtorquing.
- Follow the torque specifications provided in the product documentation.

### 4. Attaching the Scope

- Place your scope into the rings of the mount.
- Adjust the scope to your preferred position for optimal eye relief.
- Secure the scope using the ring caps, torquing them to the recommended specifications.

### 5. Final Checks

- Inspect the installation to ensure everything is aligned and securely fastened.

- Perform a function check of the firearm to ensure proper operation with the mounted scope.

## **Disposal Instructions**

- Dispose of the scope mount in accordance with local regulations.
- If the mount is damaged beyond repair, consider recycling materials where applicable.
- Do not dispose of the product in household waste.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please reach out to the designated contact point in your region. Ensure you have the product information ready for assistance.

By following these safety instructions, you can ensure the safe and effective use of your AREA 419 TACTICAL ONEPIECE SCOPE MOUNT. Stay safe and enjoy your shooting experience!
