

TACTICAL ONE-PIECE SCOPE MOUNT - AREA 419 TACTICAL 36MM 20MOA MEDIUM (1.26") 1-PIECE SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

AREA 419 TACTICAL ONE-PIECE SCOPE MOUNT When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made - as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But they think it's the right way. So that's what they are going to do. NOTE: These scope mounts DO NOT include a diving board. FEATURES CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware Patent-Pending ultra-rigid and repeatable top accessory attachment - attach optional Tactical Diving Board.

Attributes

- Name: [AREA 419 TACTICAL 36MM 20MOA MEDIUM \(1.26"\) 1-PIECE SCOPE MOUNT BLACK](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430107297
- Mfr. No.: 419-TSM-363220
- Finish: Black
- Height: 1.26"
- Material: Aluminum
- Scope Tube Diameter: 36mm
- Size: Medium
- Style: Picatinny Rail
- Delivery weight: 0.522kg
- Shipping height: 71mm
- Shipping width: 147mm
- Shipping length: 241mm
- UPC: 810080182455

TACTICAL ONEPIECE SCOPE MOUNT SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the AREA 419 TACTICAL ONEPIECE SCOPE MOUNT. This guide provides essential safety instructions to ensure the safe and effective use of your scope mount. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure the scope mount is compatible with your optic and firearm.
- Always follow the manufacturer's instructions for installation and usage.
- Inspect the scope mount regularly for signs of wear or damage.
- Do not exceed the recommended torque specifications during installation.
- Keep the scope mount out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Compatibility Check:** Verify that your scope mount is suitable for your specific firearm and optic.
- **Installation Environment:** Perform installation in a clean, dry environment to prevent contamination.
- **Tool Usage:** Use appropriate tools as specified in the installation instructions to avoid damage.
- **Torque Specifications:** Adhere to the specified torque settings to prevent overtightening or undertightening.
- **Weight Limits:** Do not exceed the weight limit specified for the scope mount to ensure stability and safety.
- **Regular Maintenance:** Periodically check the mount for tightness and alignment, especially after heavy use or transport.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and any other specified tools.
- Ensure that the firearm is unloaded and pointed in a safe direction.

2. Installation Steps:

- Place the scope mount onto the picatinny rail of your firearm.
- Align the mounting points with the rail and ensure a secure fit.
- Use the provided spacers to maintain proper alignment during installation.
- Torque the mounting screws to the specified settings using a torque wrench.
- Doublecheck that the mount is securely attached and that there is no movement.

3. Usage:

- After installation, check the alignment of the optic through the scope mount.
- Make adjustments as necessary to ensure optimal performance.
- Always handle the firearm safely and responsibly when using the scope mount.

Disposal Instructions

- Dispose of the scope mount in accordance with local regulations.
- If the product is damaged or no longer in use, ensure it is disposed of in a manner that prevents environmental harm.
- Recycle materials where possible.

Contact Information for Further Support

For any questions or concerns regarding the TACTICAL ONEPIECE SCOPE MOUNT, please refer to the manufacturer's contact information provided with your product packaging.
