

BUSHING FULL LENGTH SIZING DIE - FORSTER PRODUCTS, INC. 6 BR BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bushing Full Length Sizing Die offers advanced precision by allowing you to precisely control the amount of neck sizing tension in your reloaded brass while sizing the body and bumping the shoulder. This die improves accuracy and prolongs case life because the case's shoulder and body is sized down just enough to fit in a minimum-sized SAAMI rifle chamber, and bushing limits working of the neck.

Attributes

Safety Instruction Guide for Bushing Full Length Sizing Die

Introduction

Thank you for choosing the Bushing Full Length Sizing Die from Forster Products, Inc. This product is designed to enhance your reloading experience by providing precision control over neck sizing tension. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean, organized, and free from clutter.
- Keep this product out of reach of children and vulnerable individuals.
- Inspect the die for any damage before use. Do not use if damaged.
- Store the die in a safe, dry place when not in use.
- Report any unsafe product conditions to the relevant authorities.

Specific Safety Precautions for Use

- Wear safety glasses to protect your eyes from debris during the reloading process.
- Use appropriate gloves to prevent injury from sharp edges or hot surfaces.
- Ensure that the die is securely mounted in the reloading press before use.
- Avoid overtightening the die, which could lead to damage or malfunction.
- Do not exceed the recommended sizing tension to avoid damaging the brass.
- Always follow the recommended procedures for resizing brass to prevent accidents.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is turned off and unplugged.
- Remove any existing dies from the press.
- Insert the Bushing Full Length Sizing Die into the press and tighten securely.
- Adjust the die to the desired height according to your reloading needs.

2. Usage:

- Begin with clean brass cases free of dirt and debris.
- Lubricate the cases as per the manufacturer's recommendations.
- Insert the brass case into the shell holder of the press.
- Pull the handle of the press to size the brass case.
- Check the dimensions of the resized case to ensure it meets specifications.
- Repeat the process as necessary for additional cases.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Recycle brass cases where applicable.
- Do not throw away the die in regular trash; instead, follow local electronic waste disposal guidelines.

Contact Information for Further Support

For any inquiries or support related to the Bushing Full Length Sizing Die, please refer to the manufacturer's contact information provided in the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Bushing Full Length Sizing Die. Thank you for your attention to safety.
